

TWO WORKMEN SHOT.

Wounded by Unknown Person
at a Washery, Near Scranton, Pa.

A DYNAMITE OUTRAGE OCCURS.

Front Door of House Wrecked and
Inmates Frightened—Had Been
Warned—Troops Sent to Panther
Creek Valley.

Scranton, Pa., Aug. 20.—At the Edgerton washery of the Temple Iron company, at Edgerton, 16 miles north of this place, at a late hour Monday night, James Connolly, foreman of the washery, and Forest Crossman, a workman, were shot and seriously wounded by some unknown person. Connolly will lose the sight of one eye and Crossman had to have his left leg amputated above the knee.

Wilkesbarre, Pa., Aug. 20.—Warrants were sworn out yesterday afternoon for the arrest of Charles Thain and John R. Mullery, editor and business manager respectively of the Courier Herald, of this city, the official organ of the striking miners of the Wyoming region. The prosecutors are men employed by the Delaware, Lackawanna and Western company, who allege that the Courier Herald called them unfair workmen and held them up to ridicule. Thain and Mullery had already been under \$11,000 bail on the same charge.

Thain and Mullery were taken before Magistrate Pollock yesterday afternoon and held in \$12,000 bail for a further hearing on Friday. The bail was furnished by County Commissioner Finn and others.

A Dynamite Outrage.

Unknown parties exploded a stick of dynamite under the front door of John Workis' house, in Pittston township, early yesterday morning. The door was wrecked and the inmates of the house were badly frightened. Six men were lodged in the dwelling, and two of them are working in the mines. It is said that the two men, who continue to work, were warned that if they did not remain at home harm would come to them.

Tamaqua, Pa., Aug. 20.—General Gobin, who is in command of the battalion of the Twelfth regiment, national guard of Pennsylvania, sent from Shenandoah to the Panther Creek valley yesterday morning, opened temporary headquarters in the town last night.

The funeral of Patrick Sharpe, the strike leader who was shot and killed at Nesquehoning Monday night by a deputy, will take place Thursday. All the miners' local unions in the region are making arrangements to march to Lansford and attend the funeral, and General Gobin will probably station troops along the route to be taken by the funeral.

Yesterday afternoon Thomas Duffy, president of district No. 7, and Peter Gallagher, member of the executive board, went to Mauch Chunk to engage counsel and to make arrangements to push the prosecution of the deputy charged with the shooting of Sharpe.

Protests Against Presence of Troops.

Hazleton, Pa., Aug. 20.—President Thomas Duffy, of District No. 7, United Mine Workers, has sent a formal protest against the presence of the Twelfth regiment at Manlie park, near Coaldale. The note to Governor Stone declares that the situation does not require the troops and that an investigation by the governor would confirm the truth of the statement.

New York, Aug. 20.—The presidents of the anthracite coal roads had their usual weekly conference here yesterday. Before going to the meeting Mr. Truesdale, president of the Lackawanna Railroad company, said:

"There is no foundation in fact for the rumor that the anthracite coal operators will make concessions in order to end the strike. I think work will be resumed in time to produce plenty of coal for the fall demand. The operators are ready, as they always have been ready, to adjust with their men any grievances that they may have and they have never discriminated against any of their men because they have belonged to the union. What the operators will not do is to discuss their business affairs with outsiders."

AGED WOMEN ASSAULTED.

Received Terrible Injuries From Negro, Who Plead Guilty to Burglary and Felony.

Ashtabula, O., Aug. 20.—John Crooms, a negro, is in the Ashtabula county jail at Jefferson, charged with a serious offense. Shortly after midnight yesterday morning it is alleged that he entered the residence of two aged women, who reside alone in East Ashtabula street, Jefferson, and attacked them in a most brutal manner. One of them the assailant attacked with his teeth, lacerating her arm and nearly severing one ear. The women are the Misses Sabrina and Harriet

Stochkiss. Sabrina is 70 years old and Harriet about 76.

One report is to the effect that the fellow was after money.

At noon yesterday Crooms was arraigned and pleaded guilty to the charge of burglary and felony, and was bound over to appear before the grand jury under bonds of \$500.

Sabrina was the one bitten and last night it was feared she was internally injured from a blow on the chest.

Harriet had been under a physician's care for some time, and, besides her injuries, suffered from fright.

SOME TRI-STATE EVENTS.

The smallpox epidemic has been wiped out at Marion, O. In all there were about 30 cases and six deaths.

D. Hoy, of Marion, O., a relative of the late Archbishop Corrigan, is co-heir with Nashville (Ind.) people to the millions left by a relative in Ireland, who operated the largest linen factories there.

At Findlay, O., while in apparent good health, Mrs. Rebecca Carr told her children she was going to die soon. A short time later she lay down on a couch and was soon a corpse.

At Springfield, O., Henry Eisenmenger, a well-known citizen, bled to death. For several months he has been suffering from glandular trouble and the glands burst.

J. F. Bash, aged 48, of Roseville, near Zanesville, O., died of lockjaw. A week ago Mr. Bash ran a nail into his foot, which resulted in gangrene and finally lockjaw.

The Ohio Fuel Supply company drilled in a 3,000,000 gas well near Lancaster, O. The company is connecting Zanesville with the Licking county field.

Harley Goss was brought to Circleville, O., with one side of his head crushed in and one of his ears missing. He says he fell from a bridge.

At Columbus, O., Mayor Hinkle appointed Clarence Sutphen, E. L. Poole and G. J. Marriott to investigate the affairs of the city workhouse.

At Springfield, O., the divorce suit brought by Edith Snyder from Charles Snyder, a wealthy farmer, was dismissed at her request.

The local option election at Raymond, near Marysville, O., under the local law, resulted in a victory for the "drys" by 215 to 90.

At Circleville, O., Ollie Richards fell from a train. Her skull was fractured and her condition is serious.

Roy Perrine, aged 24, of Orangeville, near Warren, O., was drowned. He fell from a boat.

At Loudonville, O., local capitalists have formed a stock company to build a new hotel at a cost of \$20,000.

At Morgantown, W. Va., Thornton Pickenbaugh, aged 65, died of heart disease. He left an estate valued at \$300,000. Two children, Mrs. J. L. Roemer, of Chillicothe, O., and J. C. Pickenbaugh, of Morgantown, with his widow, survive him.

William Douglass, who shot and instantly killed William and Fred Johnson, brothers, at Anderson, is now in the county jail at Fairmont, W. Va. Douglass says he shot in self-defense.

George Callaway, who is charged attempted to kill Ike Johnson near Fayetteville, W. Va., was lodged in jail at Fayetteville.

The strike at the Central Glass works, at Wheeling, W. Va., involving 700 employees, was settled. Work will be resumed.

At Greensburg, Pa., W. S. Byers filed his affidavit of defense in the suit of his uncle, Jacob Byers, in the prothonotary's office. The concluding statement of the affidavit contains a general denial of his indebtedness to his uncle in the several items that were set forth by the latter or for any other sum whatever.

Christopher Ennis, of McKeesport, the Pittsburgh and Western brakeman whose head was severed last Friday night at New Castle, Pa., junction by a shifting engine, was probably murdered, according to the verdict of the coroner's jury. There was a long, clean cut on the top of Ennis' head, and the jury think he was murdered and his body placed on the track to be mutilated.

REV. DR. LYNCH DEAD.

Pioneer Methodist Preacher Died in Tarentum, Pa.

Pittsburg, Aug. 20.—The Rev. William Lynch, one of the oldest members of the Pittsburgh Methodist Episcopal conference, and pastor of the James Methodist Episcopal church at Freighton, died yesterday morning in Tarentum at 5 o'clock from a stroke of paralysis.

He had filled all the leading pulpits in the Pittsburgh conference, and was an exceptionally strong preacher. He was in vigorous health until his fatal illness and was on the program to preach the closing sermon at Tarentum camp meeting next Sunday, Aug. 24.

Mrs. Lester Wallack Suicided.

New York, Aug. 20.—Mrs. Eleanor Wallack, the young wife of J. Lester Wallack, the actor and grandson of the renowned Lester Wallack, committed suicide yesterday by inhaling gas.

Snow at Mt. Washington.

Mt. Washington, N. H., Aug. 20.—There is a half inch of snow on the ground here and the thermometer registered 34 yesterday.

MOROS FIGHT MOROS.

Inter-Tribal Battle Occurred
Near Camp Vickers,
Mindanao.

THIRTY-FIVE MEN WERE KILLED.

Many Others Wounded—No Americans Concerned in the Trouble—Believed Chaffee Will Increase Force and Issue an Ultimatum.

Manila, Aug. 20.—There were no developments yesterday in the Moro situation on the island of Mindanao. General Chaffee was expected to reach Cebu on the transport Ingalls yesterday morning, but the vessel's arrival at that port had not been reported.

It is possible that General Chaffee has decided to shorten his trip to the southern islands and return to Manila direct. An order received from the war department at Washington leaving action in the Moro situation to General Chaffee's discretion has been transmitted to him in the south, but has probably not yet reached him.

It is believed here that General Chaffee will increase the American forces on Mindanao and issue an ultimatum to the hostile Moros. There are at present 27,000 American troops in the Philippine islands, a goodly portion of which could be spared for active service.

Captain John J. Pershing, of the fifteenth cavalry, who is in command of the American column at Lanao, Mindanao, has reported a fierce Moro inter-tribal fight near Camp Vickers, Mindanao. The contending factions met at Weeding. Thirty-five men were killed outright and many others were wounded. No Americans were concerned in the trouble.

R. R. REMINGTON NOT INSANE.

His Business Associates Declare It Impossible—Body Taken to Williamsport, Pa.

Newport, R. I., Aug. 20.—Edward D. Remington, brother of Robert Reading Remington, who killed himself at the Newport reading room Monday, arrived from Pittsburg at 7 o'clock last night and two hours later left for the former home of the family at Williamsport, Pa., where his brother's body will be buried. With Mr. Remington were two clerks from his Pittsburg office, who were prepared to take down any statements which were made concerning the death of Robert Remington.

Mr. Remington said he was extremely surprised at what he had read in the papers ascribing the suicide of his brother to mental derangement. The last time he saw his brother, he said, was in April, just prior to the announcement of his engagement to Miss Van Allen, and there was then no evidence of any mental change whatever. On passing through New York yesterday he said he stopped at his brother's office and closely questioned business associates, who all declared that it was impossible that Robert Remington's mind was unbalanced.

The body remained at the undertaker's all day yesterday and the casket was covered with roses sent by friends.

SIX LOST IN FIRE.

Two Other Persons Badly Injured in New York Tenement Fire.

New York, Aug. 20.—Something exploded in a furniture store on the ground floor of the double tenement at No. 35 Essex street yesterday, and before the flames could escape the building was a mass of flames.

Before the flames were under control, two women and four children had burned to death, and a man and a woman were carried to Gouveneur hospital, suffering painful injuries. Several others were badly burned.

The dead are: Mrs. Annie Bolch, 32 years old; Mrs. Joseph Knott, 32 years old; Louis Leibwitz, 8 years old; Louis Leibwitz, 6; Jules Leibwitz, 5; Morris Leibwitz, 3.

The persons seriously injured were Mrs. Rosa Mieses, who was burned about the body and face, and Jacob Muscovitz, who suffered three broken ribs by jumping to the pavement.

The money loss by the fire was \$5,000.

Gates' Application Turned Down.

Denver, Aug. 20.—The application of John W. Gates and others for a preliminary injunction against John C. Osgood and others, to prevent them from refusing to allow the complainants to vote their proxies in the coming meeting of the Colorado Fuel and Iron company, was denied by Judge Riner, of the United States district court, yesterday.

Root Killed in Prize Fight.

New York, Aug. 20.—A Salt Lake City dispatch received here yesterday said that Jack Root, the pugilist, who was defeated there Monday night by George Gardiner, died from injuries received during the fight.

WON'T RESIGN, SAYS SCHWAB.

Declared He Needed a Rest and Would Take One—Going to Europe.

New York, Aug. 20.—Charles M. Schwab, president of the United States Steel corporation, arrived here last evening. He was accompanied by his brother, Joseph Schwab, and his private secretary. He stepped briskly from the car, and as he did so he said to a number of newspaper men present:

"Now, gentlemen, I am going to tell you three things, and I don't want you to ask me any further questions. In the first place, I don't look like a sick man. In the second place, I feel the necessity of a rest, and I am going to take one. In the third place, I am not going to resign and have no intention of retiring from the presidency of the United States Steel corporation."

"Are you going to Europe?" was asked Mr. Schwab.

"Yes," he replied, "but don't ask me any more questions; that's all I have to say."

Altoona, Pa., Aug. 20.—Charles M. Schwab, president of the United States Steel corporation, passed through here yesterday on his private car "Loretto," en route to New York, whence he will sail for Europe. He disclosed his destination to an old Altoona friend, who talked with him since he has been at Loretto. He said that he was going to France, where he will take a course of treatment at the mineral springs of that country. His chief ailment is an affection of the nerves.

The steel president's stay amid the scenes of his boyhood has evidently done him good. He told his friend, F. D. Saupp, of this city, that he never felt better in his life, and Mr. Saupp emphasized this by stating that he had never seen him looking better.

Mrs. Schwab is not with her husband. She will remain at Loretto during his absence.

PRESIDENT HEARNE RESIGNED.

Schiller Head of National Tube Co. Other Officers.

Pittsburg, Aug. 20.—Colonel Frank J. Hearne, of 4901 Fifth avenue, yesterday resigned the presidency of the National Tube company, an affiliate concern of the United States Steel corporation. William Baron Schiller, of 1019 Bidwell street, first vice president, was elected the successor of Colonel Hearne.

The resignation of Colonel Hearne was presented at the annual meeting of the National Tube company at Jersey City yesterday, being voluntary on his part. After the election of Mr. Schiller to the presidency of the company W. H. Latshaw, second vice president, of 6100 Stanton avenue, became first vice president; John D. Culbertson, second vice president, and A. S. Matheson, third vice president.

Edward Worcester, general sales agent of the company, was elected a director to succeed Colonel Hearne, and William Nelson Cromwell was succeeded by Mr. Murray, at present employed in the treasurer's office. The other directors of the National Tube company are: E. C. Converse, William H. Latshaw, A. S. Matheson, John D. Culbertson, William J. Curtis, William B. Schiller, the new president; Charles Steele, C. M. Schwab, president of the United States Steel corporation, and Judge E. H. Gary.

Colonel Hearne resigned on the advice of his physician and to look after private interests.

STOCK DEALINGS INCREASED.

Rose Over Half Half Million Share Mark Yesterday—Striking Gains in Few Spots.

New York, Aug. 20.—There were more shares of stock sold on the exchange yesterday than on Monday, dealings rising again over the half million share mark. The market took on a fair appearance of average strength, but an analysis will show that the gains in the majority of usually active stocks are fractional, while the really striking gains are confined to a few spots in the market. The dealings were largely in professional hands and were supposed to reflect the operations of speculative pools, including some of the prominent capitalists of the country. The situation of affairs was not materially changed from that of Monday and the new demonstration of strength was based largely on the approaching return to New York of J. P. Morgan, which has caused a renewal of many long current rumors of financial projects and railroad deals, which are supposed to await his action to be put into force. A settlement of the coal strike and a decision on the question of the presidency of the United States Steel corporation are also supposed to await Mr. Morgan's action. The upward movement in Southern Pacific was aggressively renewed yesterday for the first time since the announcement of the proposed \$100,000,000 mortgage to provide funds for betterments. This movement was also associated with the home-bound movement of a well-known speculative leader, who has operated largely in it in the past.

RELIGIOUS REVIVALS

Throughout United States Considered by Evangelists, at Winona Conference.

SEVERAL HUNDRED ARE THERE.

Various Meetings Yesterday Conducted by Men Prominently Identified With This Branch of Church Work. Subjects of Addresses.

Warsaw, Ind., Aug. 20.—Yesterday was evangelist day at the National Winona Bible conference, the various meetings throughout the day being conducted by men prominently identified with that branch of work. At the opening session yesterday afternoon Fred B. Smith, of New York, spoke on "Evangelistic Work for Men." Rev. H. H. Wharton gave an interesting address on "Soul Winning," and "Doctrines to be Emphasized in Evangelistic Meetings" was the topic handled by Rev. W. E. Biederlwf. Dr. W. L. Munhall spoke on the "Art of Bible Teaching in Evangelistic Services." "Results to be Expected in Evangelistic Meetings" was handled by Rev. E. Stucker, of Chicago. Prof. R. R. Lloyd, of the San Francisco Congregational seminary, conducted the "hill-side services." Rev. R. S. McArthur of New York, spoke last night on "The Pre-eminence of Christ." For the first time in the history of the church several hundred evangelists of all denominations are gathered.

Among these men of international reputation are Rev. L. W. Munhall and Rev. H. M. Wharton, of Philadelphia; Rev. S. H. Hadley and Fred E. Smith, of New York; George B. Stewart, of Cleveland, Tenn.; Henry Varley, of England, who for 40 years has been doing evangelistic work, and Rev. W. A. Sunday, of Chicago. These men are holding private conferences, and at the first meeting yesterday was considered the preparatory work for a series of revival services throughout the United States. At this meeting some expressed themselves in favor of thorough organization, while others believed little or no organization is necessary.

A STEP TOWARD REUNION.

Methodist Publishing Interests, North and South, Enter Into an Agreement.

New York, Aug. 20.—A joint committee of publishing interests of the Methodist Episcopal church, and of the Methodist Episcopal Church South, recommend a plan for the union of all the publishing interests of the two churches in China and Mexico. It is the policy of the two denominations to avoid in the future all interference of duplication of equipment in the foreign missionary work.

No such harmony of interests between the two denominations of Methodism has been seen since the church was first step in a reunion. Bishop Charles H. Fowler is opposed to this, but there are others strongly in favor of it.

CATHOLIC AUTHORITIES' IDEA.

Use of Free Teachers Might Increase University Attendance.

Rome, Aug. 20.—The church authorities have received information that 1,085 Catholic students are attending secular universities in the United States, 500 of whom are at the University of Pennsylvania, while the Catholic university at Washington has only 100 students.

It is believed here that the discrepancy is due to the fact that the Catholic university at Washington undertook instruction in other branches of education in addition to theological studies without having means, apparatus or professors to compete with the great American colleges. The representative here of the Associated Press is authoritatively informed that the church knows no remedy for this lack of religious teaching of Catholic students attending secular universities in the United States except through the efforts of the bishops to induce the governing bodies of these universities to allow free teachers to lecture upon Christian history, science, religion, etc., as is done in the cases of other sects attending the same colleges.

Chief Croker Suspended.

New York, Aug. 20.—Edward Croker, chief of the New York city fire department, was suspended from duty yesterday by Fire Commissioner Sturges.

Prisoners at Guam to Be Returned.

Washington, Aug. 20.—Acting Secretary Sanger, of the war department, has issued an order for the return of prisoners at Guam to Manila. The most important prisoner is Mabini.

WASHERY IN OPERATION.

Plant is Surrounded by Deputy Sheriffs.

Wilkesbarre, Aug. 20.—The Warnke washery at Duryea resumed operations this morning, with a strong guard. The works are surrounded by deputy sheriffs and coal and iron police. Strikers have not yet gathered in large numbers.

THE NEWS BY WIRE.

Kentucky Convicts Start a Revolt.

METHODS OF EVADING DOW LAW.

Agents of the State Find Many Violators of the Statutes—A Washery in Operation in the Anthracite Region—Plan for Pythian Sanitarium Voted Down.

Frankfort, Ky., Aug. 20.—Three prisoners in the penitentiary overpowered the guards, secured their arms and held Foreman Charles Wils as a hostage. They were surrounded by guards in the chair factory, but threatened to shoot Wils if they were fired on. The whole force of guards was brought out by the warden, citizens also helped, and Convict Bishop was killed. The other two surrendered.

The final proposition of the desperadoes was that they would surrender if Warden Lillard would come to the steps leading to the chair factory, saying they would first send their weapons by another prisoner. The warden accepted this, but fearing a ruse placed half a dozen guards in the hospital, overlooking the factory. The warden, with eight men, then started to the foot of the stairway. The prisoners had started down the stairway with hands up, but Bishop suddenly dropped his hand to his side as if to draw a weapon. He had hardly done so until a shot from a guard felled him. The other two fell to their knees and begged for life, and the insurrection was at an end.

SALOONS EVADE DOW LAW.

Assessors Bribed to Omit Them From Their List.

Columbus, Aug. 20.—"We find that not all the evasion of the Dow tax law is done by the speakeasy and the tipping drug store," said F. W. Herbst, superintendent of the inspection that is being made into the matter by the state food commissioner under the Cain law of last winter. "I have in mind now one of the largest saloons in a good sized city, and on the most important street corner in the city which is beating the Dow law right along and according to the best information we have now has been doing it for some time. It is not so hard if you go about it the right way. All one has to do generally to keep his saloon off the lists is to 'fix' the assessor. The assessors are charged with making lists of saloons for use in collecting tax, as they go about their districts assessing property for ordinary taxation. If this assessor can be induced to omit your saloon the chances are that it will not be noticed in a large city. It is different in smaller places where everything is everybody's business."

"Our agents are at work in the smaller counties in which we have secured lists of persons paying the federal liquor license. We examine each particular case, and report to the auditor of the state only those in which we have evidence of liquor selling. The places are visited and inspected carefully by an agent who is not known as such. If liquor is being sold the agents buy a drink. They secure witnesses to the sale, and if possible later on get a sample of the liquor bought. We have nearly a hundred samples of 'booze' so secured in the office now."

"We have not made a full report in any county yet for the reason that we have finished no county yet. The names are held back for the reason that it would be unfair to property owners to give them out now. The saloonkeepers would at once conceal their own property if they knew we were coming after them, and leave the landlord to pay the full tax and penalty under the clause of the Dow law that holds the owner of the property ultimately responsible for the tax."

Entertainment committees will find just what they want in the way of invitations, programmes, etc., at THE INDEPENDENT OFFICE.

SILVER AND GILT.

TEA SERVICES AND OTHER THINGS
FOR A TASTEFUL TABLE.Old English Shapes Are the Elegant
Mode—Queen Anne and Colonial.
Tea Caddy and Caddy Spoon—Beau-
tiful and Rich Colorings.

The styles of olden days are greatly prized just now in silver tableware. Of course they are usually revived "with a difference" that serves to distinguish them from their prototypes. Antique English shapes are highly favored. Quite new among these are tea and coffee pots, sugar basins and cream jugs with rounded bases supported by four, or it may be only three, short legs or carved feet. In some of the latest sets a hollow rim base is adopted. The cut shows one of the first of these styles, a James I. afternoon tea service, with ebony handle and knob to the teapot.

This clever reproduction from the antique is, however, quite a departure from standard popular styles, for in these the Queen Anne and colonial still retain their vogue.

Quaint little sets of teapot, creamer and sugar basin show a rather dull silver finish, on which in raised work and colored enamels are the long, pendulous purple blossoms and green leaves of the Chinese wistaria.

A tea set whose inspiration evidently proceeds from the land of the chrysan-

JAMES I. AFTERNOON TEA SERVICE.

them has that flower enameled in characteristic colors—golden yellow and rich maroon, with green leaves flecked with yellow brown, as one has often seen them growing in old-fashioned gardens.

Old fashioned panning is very conspicuous in tea sets and similar articles, some of the pieces being five sided, others six, and the octagon, on the whole, the favorite form.

A tea service of true French daintiness has its several slender pieces shaped in many straight and narrow panels or facets of plain silver, with the characteristic zigzag of the empire across the top of each.

It may be said that the tall, graceful fluted forms and the low, squat shapes, plain smooth finish or heavily chased and embossed ornament, are all equally fashionable in silverware at present, and one has wide choice among other fanciful modes.

Silver tea caddies revive the pleasant old time method of brewing the cup that cheers. Some of them are of plain, bright silver, and no added ornament is allowed to infringe upon the beauty of their admirable contour. One of these is of oblong shape, with the corners cut off, so to speak, making it, strictly speaking, octagonal. This is in plain bright silver, and the cover lifts off by a top or handle.

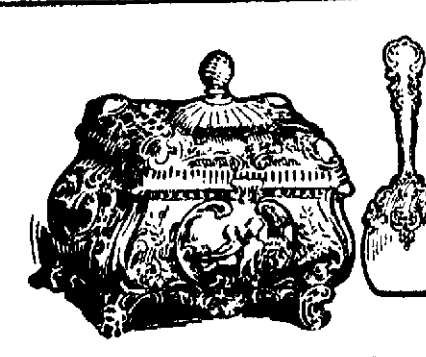

Others, like the French style shown in the cut, display an elaboration of chased and repousse work. There are tea caddy spoons galore, reproductions of odd, old English specimens and modern models of equal merit.

Bright silver and gray in very many shades are equally fashionable, with a leaning perhaps to the latter.

Gilt has been largely introduced into silverware of every kind within the past year or two, either as the entire finish of an article or only a part of it. Gilt is also greatly varied in tone.

Wonderful are the shadings of gold used in the handles of spoons, forks and servers designed for special table purposes. Sometimes a greenish, tarnished or antique effect is achieved. Other hues are so dark as to almost mask the identity of the metal, but most pleasing is a new flame-like hue holding in itself a suggestion of the richness of burnished copper.

Spoons, forks and cups innumerable rank as probably the next most striking item of table furnishings in silver.

FRENCH TEA CADDY AND TEA CADDY SPOON

Spoons there are for every purpose of feasting, and beyond a few whose destiny appears on their face, they lead one into a sea of bewilderment.

Among the newer things the individual soup and bouillon spoons, with deep round bowl and short ornamental handle, easily distinguish themselves.

In berry spoons and forks elaborate floral patterns have high favor.

Individual ice cream forks or spoons, orange spoons, salad forks, large berry spoons, sugar shells, cream ladies, jelly knives and cake knives are only a few of the beautiful things of specific and timely purpose just now.

FRUIT CANNING.

Easy Home Methods—Going by Measure Rather Than Weight.

Many housekeepers prefer to go by measure rather than by weight when canning fruit for winter. In some instances indeed this is a matter of compulsion rather than preference, as not every kitchen can boast of a pair of scales among its furnishings. Most of the recipes given for preparing fruit require one or more of the ingredients to be weighed, but the directions reproduced here from Table Talk are restricted to measures as much as possible.

Blackberries and blueberries require one teaspoonful each of water and sugar to every quart of fruit by actual measurement. Make a thin sirup of the water and one half the sugar. When it boils, skim and add the fruit. Let it simmer gently for five minutes, add the rest of the sugar, let it come to a boil again, can and seal at once. Press the berries gently under the sirup while cooking, but do not break or mash them. Add the juice of a lemon to every three quarts of blueberries. Can elderberries exactly as directed for blueberries, only omitting half the amount of water.

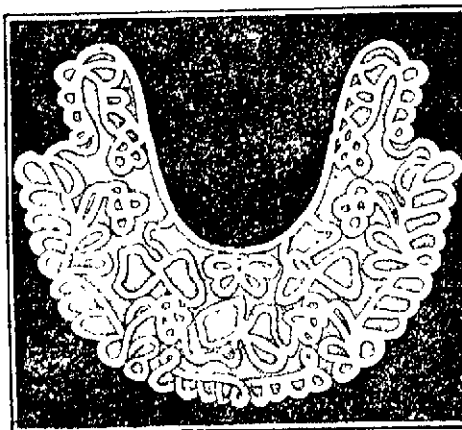

Damsons, green gages and yellow gages require a cupful and a half of sugar to each quart of fruit. Puncture each plum two or three times with a darning needle, place in layers with the sugar and let stand over night. In the morning bring slowly to the boiling point and let simmer until the fruit is tender, but not broken; skim and seal.

Peaches should be thinly pared or skinned in boiling water, halved, stoned and thrown into cold water. For every four quarts of peaches make a sirup with two cupfuls of sugar and four cupfuls of water. When it boils, drain the peaches from the cold water, put them in the sirup, bring it quickly to the boiling point, then remove to the back of the range and let simmer very gently until tender, but not soft. Seal at once.

In canning pears use the same proportions of fruit, sugar and water as directed for peaches. Pare and halve the pears and cook them in boiling water until tender, then drain and add them to the boiling sirup. Let simmer for five minutes and seal.

An Easily Made Lace Collar.

For summer use turn-down and broad, flat collars have become quite fashionable. A design for one which is particularly of interest to the novice.

NET AND POINT COLLAR

In lacemaking because it gives a pretty effect without much work is reproduced from Good House-keeping.

The net should be carefully basted on the pattern. Then follow the pattern carefully with the braid, basting first. Use 200 thread and a short, fine needle to sew the braid on with. Use extreme care in sewing the braid on the net, as the slightest drawing or puckering ruins the work instantly. Should more elaborate work be required cobwebs around the border, cutting the web from under the stitches, produce a lovely effect.

Piano Drudgery.

The practice of scales, arpeggios and five finger exercises is counted drudgery by most young students of the piano, and because they hate exercises and neglect their practice we have many unfinished pianists whose playing might give more pleasure to themselves and others if they could learn to make this drudgery a pleasure.

Young people, you should put love in all that you do. "How can I love what I hate and despise?" you ask. This seems a paradox, yet it is not impossible. By doing everything as well as it can be done or at least as well as it is possible for you to do it at that time you will gradually learn to love your task.

The reason of this is not hard to find. When we aim at perfection, we aspire. Aspiration is the attitude in which we should live, and it brings us rewards that others never know. Many would like to do great things well, but not many are willing to try to do small things well, which alone makes it possible to do great things well.—Etude.

Cream Filling For Chocolate Cake.

For a delightful chocolate cream filling for layer cake try the following: One and a quarter squares of chocolate, one cupful of sugar, three-quarters of a cupful of flour, one-eighth of a teaspoonful of salt, two cupfuls of milk, two eggs and a teaspoonful of vanilla. Melt the chocolate in a double boiler; mix the sugar and flour, salt and milk, and add the two eggs slightly beaten. Cook the mixture fifteen minutes in a double boiler, then add the chocolate and one teaspoonful of vanilla. When cold, spread between the layers of cake.

Blackberry Jam.

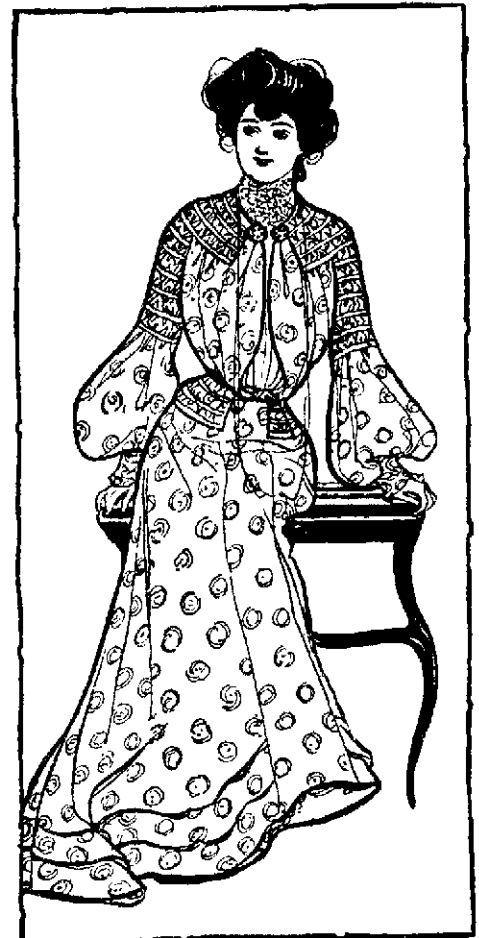

Allow three-quarters of a pound of sugar to a pound of berries. Put the berries in a preserving kettle, mash them until enough juice flows to prevent burning, then heat slowly and mash until all are broken. Cook twenty minutes, then add the sugar and cook ten minutes longer. Put into small jars or tumblers and seal.

MODES OF THE MOMENT.

Modified Louis Coat—Skirts of Lace and Louisine Silk.

Smart women have adopted the modified Louis coat in chine or brocade to wear with net and chiffon skirts, and a charming black or white toilet relieved with dainty coloring can be evolved in this manner.

Skirts of chine louisine silk with slips of lace are popular. Very dressy

FRENCH FOULARD DRESS.

black skirts to be worn over separate foundations of of tucked voile trimmed with black passementerie or inset with black lace. With these are worn unlined black lace blouses.

No matter how fashion changes, the large black hat, simply trimmed, is always in good taste and wearable on almost every occasion.

The new neck ruffles give a sloping effect to the shoulders which is not always becoming to short people. These should remain faithful to the feather boa or the round neck ruche.

One of the smartest Parisian foulard models is here shown. The material is in a delicate shade of old rose and it is trimmed with Venetian lace. The waist is laid into shirrings that simulate a yoke, and the upper halves of the sleeves are treated in the same way. The skirt has a plain front gore with a shirred yoke and slightly full side gores finished with three folds around the bottom.

JUDIC CHOLLET.

GOWNS FOR COOLER DAYS.

Alpacas and Serges Are Trimmed With Killings and Strappings.

Killing is once more coming into fashion, but it is mostly used below the knees, as few women care for the bulky effect around the hips unless in a light fabric. Cream serge dresses

COAT FOR AUTUMN WEAR.

treated in this way, with a great deal of fullness around the feet, have the waists simply made, with insertions of killing and touches of black braid.

Next to serges come flannels, and these are much used for yachting and even country wear, while Parisians are wearing spotted flannels instead of the plain shades popular last year. Alpaca in pastel shades is also a favorite. The smartest colors are green and blue. Alpaca lends itself admirably to strappings, and for this purpose either the material itself or satin ribbon may be used.

The coat shown in the cut was seen recently at the races. It is of pale gray cloth, with revers and cuffs of ivory panne embroidered in black.

JUDIC CHOLLET.

Hard on the Dog.

"Billingsley has taught his dog to sing."

"Does he sing well?"

"He sings as well as Billingsley could teach him."

"I never heard Billingsley. Is he a good singer?"

"Well, the dog has been shot at seven times."—Cleveland Plain Dealer.

THE HUMAN STOMACH.

How It Is Overworked by Three Big Daily Meals.

It requires about five hours for the stomach to work on an ordinary meal and pass it out of itself, when it falls into a state of repose; hence if a man eats three times a day his stomach must work fifteen hours out of twenty-four. After a night's sleep we wake up with a certain amount of bodily vigor which is faithfully portioned out to every muscle of the system and every set of muscles, each its rightful share, the stomach among others.

When the external body gets weary after a long day's work, the stomach bears its share of the fatigue, but if when the body is weary with the day's toil we put it to bed, giving the stomach meanwhile a five hours' task which must be performed, we impose upon the very best friend we have—the one that gives us one of the largest amounts of earthly enjoyment—and if this overtaxing is continued it must as certainly wear out prematurely as the body itself will if it is overworked every day.

And if persons eat between meals then the stomach has no rest from breakfast in the morning until 1, 2, 3 or 4 o'clock next day; hence it is that so many persons have dyspepsia. The stomach is worked so much and so constantly that it becomes too weak to work at all.

Quick Justice at Ascot.

Not only the horses, but the powers of the law, says the London Chronicle, are swift at Ascot, for the course has a special tribunal for the punishment of evildoers. No sooner is the pick-pocket, welsheer or ticket snatcher arrested than he is standing in a little room in the royal stand, where the evidence is heard and the verdict and sentence pronounced before the offender fully realizes that he is caught. No where else does punishment so swiftly follow crime as at this court, which is decreed by clause 31 of the indictable offenses act of 1848.

This race course tribunal arose curiously in the eighteenth century from an assault upon a royal personage. In his indignation at the impossibility of instant punishment of the assailant he ordered that in future a magistrate should always attend the royal race meeting. This has ever since been done, and by the above mentioned act the chief magistrate of Bow street was constituted ex officio a justice of the peace of the county of Berks in order to enable him to hold this court at Ascot.

Encourage the Happiness Habit.

The art of laughter should surely be cultivated—in fact, all and everything that leads to joy. The wish to be happy, the love of gladness and beauty, is, I am sure, a thing to be desired. Consequently it is worth a little cultivation. Play is as essential a factor in men's lives as work. Philosophers tell us that no man lives his own life until he plays. Work comes from the exigencies of life, from the "musts" of this world, which often push a man along very different paths from those he would choose to travel by from inclination or capacity. Play is, however, his recreation, and here at his leisure time comes out his whole soul, his power of choice and of play, his greater or lesser necessity for it, to recuperate mind and body from the strain of daily work.—Chaparrone.

Municipal Bridegrooms.

An amusing story is told of the crowning of a rose queen of a country district near Paris. The selected queen, as one of the formalities of awarding their dower, was asked by the mayor for the name of her fiancé. "I have none," she replied. Notified that a sweetheart was indispensable, the young lady added timidly, "I thought the municipality provided everything necessary." Straightway a young swain presented himself as an aspirant, and, being as promptly accepted, all things became regular and in order.

Synonyms.

A French gentleman, rescued from a ducking in the river and taken to an adjacent tavern, was advised to drink a tumbler of very hot brandy and water and thus addressed the waiter who was mixing it:

"Sir, I shall thank you not to make it a fortnight."

"A fortnight?" replied Joe. "Hadn't you better take it directly?"

"Oh, yes," said monsieur, "directly, to be sure, but not a fortnight—not two weeks."—Boys of the Empire.

Second Thought.

"Dear Mr. Hicks," she wrote, "I am very sorry that what you ask I cannot grant. I cannot become your wife. Yours sincerely, Ethel Barrows." Then she added: "P. S.—On second thoughts, dear George, I think I will marry you. Do come up tonight and see your own true Ethel."

Doubtful Compliment.

Mrs. Newed—Just think of it, dear! I made every bit of this cake with my own hands.

Newed—Is it possible? I never suspected there was so much strength in those fair, soft hands.—Chicago News.

Foolish Question.

Hasker—Hello, Crabbe, what are you going to do with the camera?

Crabbe—Going to bore an artesian well in our dining room with it. You didn't suppose I was going to take pictures, did you?

Truth's Echo.

"Good men, you know, are scarce."

"Yes, I know, and even bad men have to make themselves so at times."

—Boston Courier.

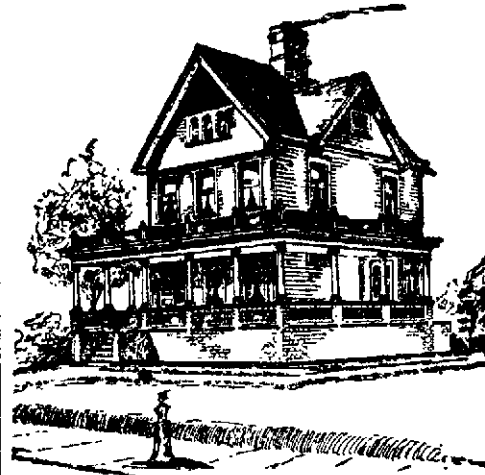

The Kadleuo Indians of Paraguay are skilled potters.

COLONIAL RESIDENCE.

House With Pleasing Exterior and Interior—Cost \$2,200.

(Copyright, 1902, by Dennis & Gastmeyer, 280 Broadway, New York.)

Houses built on colonial lines are always in demand and for several reasons, apart from their pleasing appearance. They can be erected at a comparatively small cost, and they can

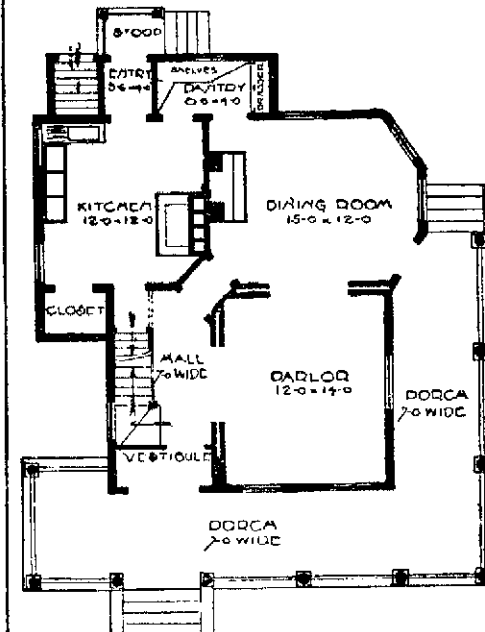

PERSPECTIVE VIEW.

be so built that roominess will be a special feature without detracting from the exterior. Both these considerations are in evidence in the designs herewith shown.

The entire exterior is pleasing to the eye. The house is ornamented by a good sized and well shaded piazza that stretches across the entire front of the building and continues around one side. A bay window also enhances the effect of the whole structure.

The foundation is built of stone. The cellar contains a hot air furnace, coal bins, etc.

The frame is built of hemlock, sheathed, covered with building paper

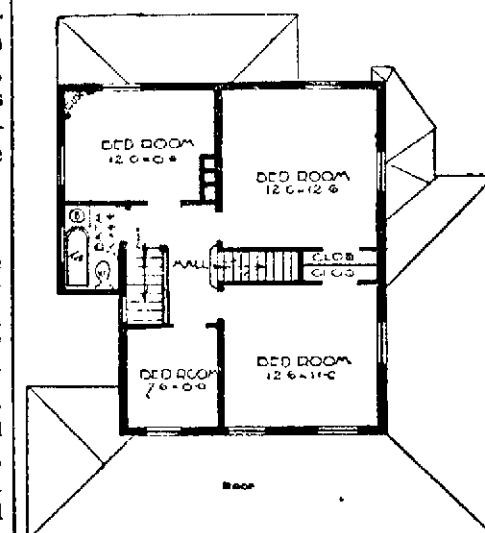

FIRST FLOOR PLAN.

and clapboards. All of the interior walls are covered with plaster and finished with a hard white finish. Trimming and doors are made of white-wood.

The kitchen and bathroom contain all modern sanitary improvements.

The body of the house is painted a pearl gray, with dark gray trimmings. The shingles in the roof are left natural.

The interior trimmings on the first floor are furnished in the natural wood,

SECOND FLOOR PLAN.

while the trimmings on the second floor are enameled white.

This house can be built complete, with hot air furnace and open plumbing, for a sum not to exceed \$2,200.

Sanitary Floor Varnish.

An excellent floor varnish may easily be prepared by dissolving a pound of spirit copal gum, a pound of gum sandarach and one-quarter pound of shellac in methylated spirits, a gallon, afterward well stirring into the varnish one-quarter ounce of carbolic acid. It may be prepared in a variety of shades by adding any of the aniline dyes soluble in spirits or may be colored as follows: For mahogany add to the above five ounces bismarck brown; for light oak, dark oak and walnut add dry vandyke brown in variable proportions. Before applying the varnish, says the Decorators and Painters' Magazine, the floors should be given a coat of glue size, which must be allowed to thoroughly dry; then apply the varnish quickly and evenly with a fine brush. These varnishes dry hard and sharp, with an excellent gloss, and are quite durable when submitted to heavy usage. They are also useful as disinfectants, as they destroy all living matter that may exist in the dust which so often accumulates on floors.

Value of Ventilation.

There is nothing more essential to health than fresh air and sunshine, not only in outdoor exercise, but in the home. Especially must the living and sleeping rooms have sunlight and ventilation, says a writer in the New York Press. Many cases of inactive skin and scalp troubles and poor complexions are due to sleeping in badly ventilated rooms. It should be understood generally that one of the missions of the sun is to deodorize and purify. There is vitality in sunlight. The sun is the great enemy of disease germs. Let the sun have a chance to do its work in the sleeping rooms.

COUNTY SEAT NEWS

Jurors for the September

Term of Court.

NAMES DRAWN BY CLERK WISE.

Two Massillon Men in the List of Fifteen Grand Jurors—

Seventeen Names in Petit Jury List—Marriage License Granted to Massillon People.

Canton, Aug. 18.—Clerk Jacob J. Wise and Sheriff Frank McKinney drew the names of fifteen grand jurors and seventeen petit jurors for the September term of common pleas court shortly before the noon hour Monday. Clerk Wise drew out the names from the jury wheel while Sheriff McKinney watched the proceedings. The lists are as follows:

Grand jurors—Adam Stephan, Massillon; Lyman J. Beardsley, Alliance; Andrew J. Bair, Paris township; Aaron Hollibaugh, Nimishillen township; John Baum, sr., Sandy township; Harrison H. Shanafelt, Canton; J. S. Hershey, Canton township; Jacob Yagey, Nimishillen township; Edward Dumont, Canton; William L. Stolzenbach, Canton; John A. Stahl, Bethlehem township; John L. Butler, Lawrence township; Nathan L. Karper, Canton; Edward Gleitsman, Massillon; Christian Seifert, Paris township.

Petit Jurors—James H. Linn, Canton; William Duval, Lexington township; George Leeper, Perry township; Thomas Waitman, Lexington township; J. J. Gans, Lake township; Eli Walker, Nimishillen township; Clarence Arnold, Lexington township; George W. Henning, Osnaburg township; Howard F. Myers, Washington township; Jeremiah Stoner, Tuscarawas township; Jacob A. Poorman, Sugar Creek township; Frank J. Poto, Alliance; L. A. Reddy, Alliance; Jos. Thomas, Marlboro township; Elmer E. Miller, Alliance; Peter A. Chenot, Nimishillen township; John F. Blake, Canton.

The Hampdens administered a heavy defeat to the Duobers at Mahaffey park Sunday afternoon. The situation of the week previous was entirely reversed and the case workers were completely at the mercy of the watch workers. Score—Hampdens 20, Duobers 1. Batteries: Hampdens—Miller and Whitt; Duobers—Hopusch and Gillenbeck. Umpire—Parks.

A marriage license has been granted to William E. Northrop and Celia Kilgore, of Massillon.

NATURE'S Danger Signals

Do your eyes blur at times? Do they hurt after reading? Are there frequent headaches? Are the muscles around the eyes drawing wrinkles and crow's feet?

They are Nature's DANGER SIGNALS.

Only when sight is gone is the terrible danger realized. It costs so little to help the eyes, if done in time.

If You Don't Need Glasses We Tell You So.

Geo. A. Hawver, Jeweler and Graduate Optician, 17 S. Erie St. (Opera Block), Massillon.

THE INDEPENDENT

THE INDEPENDENT COMPANY,
INDEPENDENT BUILDING,
20 N. Erie Street, - - MASSILLON, O.

WEEKLY FOUNDED IN 1883
DAILY FOUNDED IN 1887.
SEMI-WEEKLY FOUNDED IN 1896.

LONG DISTANCE TELEPHONE.
BOTH TELEPHONES NO. 60.

THE EVENING INDEPENDENT IS ON
sale at Bahney's Book Store, Ham-
mer's Olgar Stand (Hotel Conrad),
and at Hankin's News stand in
North Mill street.

THURSDAY, AUGUST 21, 1903

The Independent notes with enthusiasm the rapidly progressing work of the Massillon Street Fair Association. It is evident that Massillon's third carnival is going to be the gem of the collection.

Nebraska farmers are so prosperous that their daughters won't work and consequently Nebraska's country schools are suffering from a shortage of teachers which runs into the hundreds. There seems to be no remedy in sight. No one teaches a country school in Nebraska unless he needs the money. No such need exists this year.

Mayor Bell's suggestion for collecting and disposing of the city's garbage has brought before the public a question of most pressing importance. Either the mayor's plan or some other as effective should be followed without delay. The coal burning kitchen stove formerly obviated the present difficulty. With the advent of natural gas as an almost universally used fuel every private means of disposing of waste was removed. It is now up to the city to provide a substitute.

Some of the stories about the yields and ears to the corn stalks in Nebraska are almost as tall as the stalks themselves. It was reported that a boy got lost in a 300-acre field and was not found for four days. A Dawson county paper discusses the feasibility of utilizing stalks to replace the rotting poles of the Independent Telephone Company. Another country paper insists that the corn cobs will go to waste this year because they are too big to use in the ordinary furnaces and the small number of saw mills in the state prevents any other use of them, unless railroad companies will use them for ties. These bursts of humor indicate the buoyancy of spirit of agricultural Nebraska over the unusual conjunction of big crops and big prices.

The Independent takes off its hat to the "old men" of McDonaldsville, who beat a base ball team composed of young upstarts in a game lasting just six hours and thirty-two seconds. The upstarts needed taking down. They had played with other teams with indifferent success until they had all acquired that mental condition vulgarly known as the "big head." They thought they were the "all stars." Their talk made the "old men" tired. They challenged the upstarts who thereupon called them "stiffeys," but nevertheless accepted the challenge. The game was played and its features and the result were described in two different communications to The Independent. The "stiffeys" won. The score was 66 to 25. The "all stars" are fallen stars.

Decatur, a prosperous village near Kalamazoo, Mich., thinks it has shown big cities how to solve the servant question. A common table is being maintained by some twenty-five of the leading families of the town, about one hundred persons being served in this way. Last week was the third week of the experiment. It is admitted that some mistakes have been made, but these are being corrected as they appear, and the promoters of the enterprise are sanguine as to the outcome. The first week the cost averaged 12½ cents a meal for each person. The second week the cost was 10 cents. The last week it was the expectation that the latter figures would be somewhat decreased. The exact cost has not yet been figured out. When it is considered that a variety of plain foods, all the best quality, were furnished, the result seems fairly satisfactory. Anyway the experiment will be watched with interest.

CASUALTY LIST OF THE RAIL.

Since the law passed a year and a half ago made it the duty of the Interstate Commerce Commission to issue railroad accident bulletins every three months, three bulletins have been published. The third, covering the months of January, February and March of the present year, has just appeared, and like its two predecessors, which covered the last six months of 1901, it gives figures which are surprising to persons unacquainted with accident statistics in this country.

The number of persons killed in railroad accidents during the first

quarter of the present year was 212, and the number injured was 2,111. Accidents of other kinds, including those met with by employees while on duty, and by passengers in getting on or off cars, bring the total number of casualties up to 10,225. The total number of persons killed was 665.

The Interstate Commerce Commission has printed an analysis of these casualties which shows that of the dead, 26 passengers, 95 trainmen, 1 yardman, 2 switchmen, and 6 general employees were killed in collisions; 15 passengers and 53 employees in derailments; 1 passenger and 21 employees by being struck by bridges or side structures while on moving trains, and 8 passengers and 124 employees by falling from cars or engines while getting on or off.

Thirty-five brakemen were killed and 550 injured during the quarter, while coupling cars. Accidents of this kind were due almost entirely to defective mechanism and carelessness, although some of the deaths were unavoidable, like those of brakemen who slipped on snow or ice, just as cars were about to be coupled.

Other deaths of employees while getting on or off cars or engines were due to a variety of causes. Many slipped from ice covered cars, others were thrown off by sudden jerks of the trains, many fell because of defective hand holds and sill steps, and not a few, in stepping from trains, were caught by the feet in frogs, guard rails and switches and then run down by other trains.

TIME NOT RIPE.

Unionist's View in Regard to New Ticket.

Circulars from Alliance, announcing that an attempt is to be made to put a union labor congressional ticket into the field have been received in Massillon. "While we believe in union labor candidates," remarked a local unionist, today, "we do not believe in introducing such a ticket simply to gratify the desire of a disappointed office-seeker. Furthermore, it is my personal opinion that more is to be gained by securing a candidate on one of the old party tickets whom we can give our whole endorsement. The time is not yet here when an independent ticket can be put forth with success, particularly if the idea of such a ticket originates in the interest of a man who has been disappointed politically on another ticket. Our candidate must be an undefeated candidate, one who has never before aspired to office, not one who has been defeated many times on many different tickets."

TWO HOUSES STRUCK.

Damage Done by Lightning Wednesday Morning.

The residence of E. S. Martin was struck by lightning during this morning's storm. Mrs. Martin suffered a severe shock, but apart from prostration was not injured. The damage to chimney and roof is considerable. Water on roof and eaves averted more serious results.

The residence and grocery store of Jacob Moyer, in West Cherry street, was also struck. The bolt first struck the front of the house on the roof and passing through the two upstairs rooms, spent its force on the rear part of the building, badly shattering the windows. The roof was ablaze at one time, but the rain extinguished the flames without loss. Mrs. Moyer was working in one of the rooms through which the bolt passed, and had a narrow escape.

No Time to Lose

You cannot afford to disregard the warnings of a weak and diseased heart and put off taking the prescription of the world's greatest authority on heart and nervous disorders—

Dr. Miles' Heart Cure.

If your heart palpitates, flutters, or you are short of breath, have smothering spells, pain in left side, shoulder or arm, you have heart trouble and are liable to drop dead any moment.

Major J. W. Woodcock, one of the best known oil operators in the country, dropped dead from heart disease recently, at his home in Fort Land, Ind., while mowing his lawn. —*7/2 Press.*

Mrs. M. A. Birdall, Watkins, N. Y., whose portrait heads this advertisement, says: "I write this with great gratitude for benefits I received from Dr. Miles' Heart Cure. I had palpitation of the heart, severe pains under the left shoulder, and my general health was miserable. A few bottles of Dr. Miles' Heart Cure cured me entirely."

Sold by all Druggists.

Dr. Miles Medical Co., Elkhart, Ind.

KILLED BY THE CARS AT CANTON.

Sad End of Well Known Ball Player.

PLAYED IN CANTON IN 1888.

Annual Convention of Sons of St. George of Ohio, Indiana and Virginia Now in Session —Massillon Man Will Drill Wells for the Canton Water Works.

Canton, Aug. 19.—"Kid" Monroe, at one time one of the best base ball pitchers in the country, was instantly killed by a C. T. & V. freight train about 10 o'clock Tuesday morning. Monroe, who had been drinking considerably of late, crawled under some empty freight cars standing north of Tuscarawas street and leaned up against a truck. A freight train pulled into the siding and bumped up against the empty cars, pushing them about six feet. Monroe was found underneath a truck with his left arm entirely cut off and his back broken. He was killed without uttering a cry. Monroe was raised in Waterbury, Conn., where his parents still reside, and was about 38 years of age. He pitched for the Canton team when they won the Tri-State pennant in 1888, and was then regarded as a great ball player. Convivial habits, however, ruined a promising career.

The annual grand lodge session of the Sons of St. George, with delegates present from lodges of Ohio, Indiana and Virginia, the states belonging to this district, is being held in this city at the hall of Montgomery lodge No. 154. Monday evening a reception to the grand lodge officers and to visiting delegates was the feature. Sessions will be held Tuesday and Wednesday.

Edward Christman, of Massillon, made a proposition to the water work board at their meeting Monday evening to drive and drill wells in the Union dam property for 60 cents and 65 cents per foot respectively, the department to furnish the castings, fuel and water. His proposition was accepted.

George B. Cortelyou, secretary to President Roosevelt, and who served in the same capacity during the administration of the late President McKinley, paid a brief visit to Mrs. McKinley Monday. The secretary arrived in the city at 10 o'clock from Washington. He was met at the depot by the McKinley carriage and driven to the home on North Market street. Shortly afterwards he and Mrs. McKinley were driven to West-lawn cemetery, where they passed the sentries, entered the vault and placed flowers on the casket of the martyred President. Cortelyou returned to Washington on an evening train.

GREAT COAL ROAD.

C., L. & W. Main Line for West Virginia Output.

The B. & O. has decided to make the Cleveland, Lorain & Wheeling the main line for West Virginia coal to the lake ports and the northwest. With this object in view, says a Cleveland paper, General Superintendent L. G. Haas has recommended improvements that will amount to perhaps \$500,000. Arrangements have been made with the Pennsylvania lines west of Pittsburgh for the joint use of the Massillon & Cleveland railroad from Massillon to Warwick. The line of this road will be used as a second track to the Cleveland, Lorain & Wheeling. A cutoff from Chippewa lake to Lester was also authorized after an inspection made by General Superintendent Haas. This track will reduce the distance of the main line about one mile and will reduce the grade.

Work under progress on the main line is that of straightening the tracks at Navarre and reducing the grades. The work will be completed within two months. Three miles of double track at New Philadelphia were thrown into use on Friday. A heavy grade just north of Uhrichsville is also to be lessened. In company with T. J. Foley, assistant to General Manager G. L. Potter, of the B. & O., Mr. Haas returned to Pittsburgh Saturday after one of the most important inspection trips he has made. His purpose was to outline plans for additional improvements on the C., L. & W. Incidental to the trip over the Cleveland, Lorain & Wheeling the officials also made an inspection of the construction work on the Pittsburgh & Western.

The ladies of the Christian church will hold an exchange at L. A. Koons's paper store Saturday, beginning at 2:30 p. m.

THE COUNTY TICKET.

List of Democratic Candidates —Books Close Today.

Canton, Aug. 19.—The following list of candidates has been made public by the secretary of the Democratic county committee, the books closing today: Probate judge, H. B. Sibila, of Massillon. Prosecuting Attorney, Charles Krichbaum. Coroner, Dr. D. F. Banker, of Canton. County commissioner, Jesse Teeters, of Alliance. Infirmary director, Lewis Elsass, of Plain township.

KIMBER HAD A GUN AND A REVOLVER.

So John Waisner Let Him "Borrow" His Horse.

OFFICERS LOOKING FOR KIMBER.

The Doctor Whose East Greenville Life Was One Long Existing Series of Troubles Returns to His Former Home and Again the Law is Upon Him.

An affidavit in Justice Sibila's court charges Dr. George E. Kimber, of Pinchey, O., formerly of East Greenville, with obtaining property under false pretenses. The prosecuting witness is Dr. Kimber's father-in-law, John Waisner, of East Greenville.

Waisner is the mail carrier between East Greenville and the railway station, which is about a mile from the town. Waisner claims that on August 14 he met Dr. Kimber while driving to town. Dr. Kimber was also driving. The doctor told Waisner that he would like to have the use of his horse till August 16. Waisner says he at first refused, but, glancing into Kimber's cart, saw that he had both a revolver and a gun with him.

"I gave him my horse then," said Waisner. "He gave me his old horse, and took my stallion, which I value at \$80. He said he would surely return the horse on the sixteenth. But he didn't. He said the horse could make him some money for a day or two. I was afraid to refuse his demand because of the gun and revolver."

Constable Graham yesterday drove to Pinchey and other towns in its neighborhood, but found no trace of Kimber or the horse.

Kimber has had lots of excitement. A few years ago, when he was located in East Greenville, he had a series of domestic troubles that aroused the entire neighborhood, and resulted in his changing his place of residence.

STILES EXONERATED.

New Rules for the Girls' Industrial Home.

Columbus, Aug. 18.—The report of the trustees for the industrial school for girls in regard to the death of Nora Ferris was filed with Governor Nash today. It is a virtual exoneration of Superintendent Stiles of all blame in the matter. Governor Nash called attention to the fact that the report was not signed by Messrs. Hubbard and Christian, the two new members that he recently appointed.

The trustees only blame Captain Stiles for failure to act as promptly in the Nora Ferris case, as subsequent developments show he should have acted. They submit a new code of by-laws for the home in which it is provided that corporeal punishment shall be used only in extreme cases and then only in the presence of the superintendent or matron.

Car Wheels Made of Money.

Every year our government destroys nearly half a billion dollars' worth of soiled or torn bank notes, and after they have been reduced to pulp are used for making railroad car wheels. From a bank note to a car wheel is about as radical a transformation as the one brought about in the case of all weak, nervous and sickly people who will use Hostetter's Stomach Bitters, the favorite American remedy for stomach, liver and bowel complaints. A wineglassful before meals will put the stomach in good condition to digest the food and prevent the bowels from becoming constipated. Every one should keep it in the house to prevent belching, flatulency, insomnia, and nervousness, also to cure indigestion, dyspepsia, and liver and kidney troubles.

Louisville, June 23, 1900. Mr. A. A. Shanser, Dear Sir:—I wish to testify to the merits of your gall cure. I have practiced 35 years, and have never found its equal in healing saddle galls, sore necks, chafing, sore shoulders, etc. I therefore cheerfully recommend it to the public. J. B. STUMP, V. S.

AT LAST IT IS SETTLED.

Tuscarawas Pays to Perry Board \$304.50.

SUB-DISTRICT SCHOOL MATTER.

For Many Years the Amount of

Tuscarawas' Debt Was a Disputed Question—Perry Board Also Transacts Other Business.

The Perry township board of education, at its meeting this week, Members Crys Smith, John Boerner, S. B. Stern, H. E. Baer, G. C. Leeper and W. H. Allen being present, settled the state fund difficulty which has existed between the Perry and Tuscarawas township boards for many years. The Perry board always claimed that the Tuscarawas board had overdrawn the state common school fund, claiming also that the amount of the overdraft belonged in the treasury of the Perry board. This overdraft resulted through the conduct of the affairs of a school sub-district jointly controlled by Perry and Tuscarawas. Meeting after meeting have been held between the two boards in their endeavors to settle the matter, but Tuscarawas would never agree to the amount. Finally both sides made concessions, and the amount paid to Perry was fixed at \$304.50, on which basis a settlement was effected.

The finance committee of the board reports the following condition of funds: Tuition, \$237.27; contingent, \$1,873.29.

The clerk was instructed to notify the parents of Ralph Doll and Elmer Leininger of damage done to a maple tree in the school yard at district B No. 10 by these boys. The parents are to be given the alternative of paying \$10 in cash or replacing the tree.

Constable L. H. Bamberger was elected trustee officer for the following term.

CANTON CHILDREN'S PICNIC.

A Day's Outing Provided by Salvation Army.

Canton, Aug. 20.—Nearly two hundred children of Canton marched up East Tuscarawas street Wednesday morning to the square, where they boarded cars for Meyer's lake to participate in the picnic arranged for them by the Salvation Army. The children assembled at the barracks of the army at the corner of Walnut and Tuscarawas streets. Each was given a box well filled with lunch and at a little after 9 o'clock the procession was formed and headed for the square. The little marchers kept time to the pounding of the bass drum. Many of the children carried American flags and the girls were arrayed in white or light-colored dresses. The procession attracted considerable attention as it passed through the square and many people on the sidewalks watched the children as they got on the cars.

William H. Steiner, secretary and manager of the Indian Run Coal Company, and Miss Frances C. Shertzer, daughter of Mr. and Mrs. W. S. Shertzer of this city, were married at 2 o'clock Tuesday afternoon. The ceremony was performed by the Rev. Dr. O. W. Holmes at the residence of the bride's parents, in the presence of immediate relatives. Mr. and Mrs. Steiner have gone on a honeymoon and upon their return will be at home at No. 227 South McKinley avenue.

COLLEGE AFTER BODY.

Hospital Patient Will be Decently Buried, However.

The death of Miss Margaret Chase at the Massillon state hospital last Saturday morning has caused considerable talk among local undertakers. The body was received by the W. M. John undertaking firm and prepared for burial. No relatives appeared to claim the body. The report was circulated then to the effect that a Cleveland medical college was after the body and that it had been sent to Cleveland.

The local board of infirmary directors, hearing of this, called upon Mr. John, but learned that the body was still in the latter's morgue awaiting a claimant. Mr. John was instructed to hold the body until the latter part of the week and if no one claimed it to bury it in the Massillon cemetery at the expense of Medina county.

Miss Chase was 52 years of age and was committed from Medina county two years ago. Her death was sudden and was due to heart trouble.

No man can cure consumption. You can prevent it though. Dr. Wood's Norway Pine Syrup cures coughs, colds, bronchitis, sore throat. Never fails.

BY ELECTRIC RAILWAY.

Massillon Coal May be Carried to Cleveland.

Cleveland, Aug. 19.—It has been definitely announced that the Northern Ohio Traction Company will not be extended any further south than its present terminal, and that all thought of entering into competition with electric railways in the direction of Cincinnati has been abandoned.

It was stated some months ago that the Everett-Moore syndicate would make a bee line through the state from Cleveland to Cincinnati by way of Akron and Canton. Regarding this Henry A. Everett, said yesterday: "There will be no further extension of the Northern Ohio Traction Company's lines beyond Akron. It is the intention to fully develop the present lines of the Northern Ohio Traction Company and make them as perfect as possible in the territory which they cover at the present time."

Mr. Everett was asked whether the company had abandoned its plan of invading the soft coal district in the vicinity of Massillon. "That field will probably be developed by the Tucker-Anthony syndicate," he said. "Options held by the Northern Ohio Traction Company in this district, together with franchises and other property, were turned over to the Tucker-Anthony syndicate some time ago. It is barely possible, however, that through traffic agreement they may send freight in from the coal district to Cleveland."

Up to the present time heavy freight, such as coal, has not been handled by electric railways owing to the objections raised by persons living in the vicinity of the roads. It is claimed in this connection that there is nothing in the charter of any Ohio electric road that would prohibit it from handling the heavier freight, and that sooner or later the electric railways will handle proportionately as much freight as they do express matter. In the event that the Tucker-Anthony syndicate decides to operate their property on a straight freight basis, the experiment will be watched with much interest all over the country.

BUT ONE CANDIDATE.

Squire Sibila Wants to be Probate Judge.

Canton, Aug. 18.—At a meeting of the Stark county Democratic central committee on Saturday, August 9, it was decided to hold a primary election to select a county ticket, on Saturday, August 23, and to keep books open for candidates for such primary until noon Saturday, August 16. The books were opened by Acting Secretary Calvin Seemann, and when the time expired just one name had been enrolled. That one was Squire H. B. Sibila, of Massillon, who asked that his name appear on the ticket for probate judge. The committeemen got together, Saturday night, and with the assistance of Justice J. H. Reigner and John T. Hays determined to keep the books open a few days longer, in order to induce other Democrats to allow their names to be used. This was agreed to and the pages of the book will be ready for the reception of names until Monday evening. There was some talk of placing the name of William J. Piero on the ticket as a candidate for prosecuting attorney, but it is understood that he would not consent to make the race at this time.

B. & O.'S LARGE ORDERS.

Two Hundred and Fifty-four Locomotives Included.

Baltimore, Aug. 19.—It was announced at Baltimore & Ohio headquarters yesterday that an order would be placed within a few days for one hundred additional locomotives, for delivery next spring. With this new order for locomotives the company will have placed orders for 254 locomotives, 4,000 steel hoppers and gondolas, 1,030 box cars, 700 flat cars, 50 passenger cars, 24 baggage and mail cars, 3 dining and 2 parlor and dining cars. Deliveries on these orders are expected to begin in September, the entire order for additional rolling stock to be completed by April, 1903.

TO SETTLE THE STRIKE.

Quay Will Use Influence to Secure Arbitration.

Atlantic City, N. J., Aug. 19.—The committee representing the Public Alliance, of Wilkesbarre, Pa., held a conference with United States Senator Quay at his cottage on New Hampshire avenue last night for the purpose of devising some plan to end the present anthracite coal miners' strike. It was finally decided by the senator to attempt to bring President George F. Baer, of the Philadelphia & Reading railway, and John Mitchell, president of the United Mine Workers, together in Philadelphia probably next Friday. It is probable that other officials on each side of the controversy will be asked to attend the meeting.

LOCAL HAPPENINGS.

Discovered this Week by Independent Investigators.

Mrs. E. P. Wise and daughter, Miss Adelaide, of Cleveland, are visiting in the city.

Joseph Krause has purchased from S. Burd the Bowman farm, northwest of the city.

Mr. and Mrs. J. A. McLaughlin have returned from Adena, where they spent a week.

Mrs. N. Cover, of Bath, Summit county, is visiting Mrs. A. D. Clayman, in Thorn street.

Miss Emma Hemperly left Monday evening for a two weeks' visit with friends in Philadelphia and Haddonfield, N. J.

The Misses Callie and Lillie Newlin, of Sebring, formerly of Massillon, are visiting Miss Grace Allman in East Main street.

Mr. and Mrs. Jacob Sonnhalter, who have been enjoying a two weeks' trip to Southern points, returned to Massillon Monday.

The ladies of the Christian church will hold an exchange at L. A. Koons's paper store Saturday, beginning at 2:30 p. m.

The sixth annual reunion of the Wayne County Soldiers' and Sailors' Association will be held at Wooster on Wednesday, August 27.

Mrs. Lee Emerson and Miss Gertrude Greene, of St. Louis, Mo., are visiting at the home of Mr. and Mrs. Hally Hardy, in South Erie street.

Invitations have been issued announcing the approaching marriage of Miss Rose M. Wilhelm, of Massillon, to Isaac J. Jones, of Cleveland, on September 2.

The Misses Stella and Julia Falke left Tuesday morning on a three weeks' trip up the St. Lawrence river. Before returning they will visit Quebec, Thousand Islands and other northern points.

The trustees of the Western Reserve seminary of West Farmington are considering the advisability of discontinuing the school. It is one of the oldest institutions in Northern Ohio, but of late years has been a losing venture.

Following the initiation of three candidates into Clinton lodge of Freemasons, Tuesday evening, a banquet was served by the ladies of the Eastern Star. L. P. Schimke, master of the lodge, acted as toastmaster. Brief addresses were made by various persons.

Officials of the B. & O. and Pennsylvania railways met in this city again Tuesday for another inspection of the old Massillon & Cleveland branch and to renew negotiations for the purchase of the line, which it desires should form a section of its proposed double track.

It is reported today that the horse which Dr. George E. Kimber is charged with having obtained from John Wainner, of East Greenville, under false pretenses, has been returned to its owner. Constable Graham, who has been searching for Kimber for several days, is investigating the report.

A new stained glass window has been placed in the southwest casement of St. Timothy's church next the choir, the gift of St. Timothy's Altar Guild. The window is conventional in design. It contains much ruby glass and the general effect is one of subdued richness, comparing favorably with the other fine memorial windows of the church.

George McLaughlin, of Adena, formerly an attendant at the Massillon state hospital, and Miss Berta Carpenter, of Toledo, formerly assistant supervisor of the women's department of the hospital, were married, several days ago, at the home of the bride. They will reside at Athens. Mr. McLaughlin being connected with the college at that place in the capacity of assistant instructor in the electrical engineering department.

A surprise party was tendered Mrs. W. Baker, Monday night, at the residence of Mr. and Mrs. William Baker, two and one-half miles east of the city. The affair was given in honor of the sixty-second birthday of Mrs. Baker. Sixty-five friends were present from Massillon, Canton and the following from Massillon: The Misses Carrie Vance, Arline Weber and Irene Dice, and Messrs. L. A. Koontz, P. L. Scott and Lloyd Sturgiss.

The annual picnic of the American Steam Laundry employees was held Sunday at Zoar. The following employees and members of the company were present: Mr. and Mrs. Howard Lucas, Harry Matthews, Anny Lux, Ellen Vaughn, Clara Wilhelm, Minnie Myers, Theresa Maltzer, Lena Zeisner, Freda Bader, Mary Bader, Florence Wilhelm, Minnie Ramsayer, Bertha Zuber, Mark Nye. The day was spent in boating. Returning the party left Zoar at 4:30.

The second annual reunion of Warner students will be held at Dalton Wednesday. It is hoped that every one who attended the Dalton high school from 1877 to 1882 will be present. An interesting programme has been arranged for the occasion. D. S. Souers, of this city, will respond

to ex-President Thomas McDowell's address of greeting. Mrs. Nettie Welty Bowers and Mrs. Lottie Hassler Oberlin, of Massillon, will also have a part in the programme.

Thomas R. Catlin survived three attempts at suicide which he made at the police station in Youngstown last week. He was arrested on the charge of drunkenness and first made a rope of his coat to hang himself and then of his suspenders and finally of his underclothing. The other prisoners cut him down each time. At one time Catlin was superintendent of the Canton-Massillon Electric Railway Company, but has been drinking heavily. He made two attempts at suicide previously.

A number of Massillonians went to Canal Fulton Sunday to attend the funeral of the late Dennis Moylan, of North Lawrence, which took place from the Fulton Catholic church at 1 o'clock. In addition to the usual funeral ceremony, John P. Jones, a lifelong friend of the deceased, delivered a memorial discourse. The pallbearers were John P. Jones, James Ryan, John Ryan, Timothy Biskall, W. K. Moore and Thomas Ratchford. The funeral was one of the most largely attended that have ever taken place in Lawrence township.

The funeral of the late John Cahill took place from the residence at the corner of Grant and West Tremont streets, Sunday afternoon at 2:30 o'clock. The services were in charge of the local union of plumbers, and attended by over one hundred members of other unions of the city. The pallbearers were as follows: Edward Kohl, Arthur Boerner, Charles Budd, Edward Taggart, Edward Bullach, Lewis Brown. The sermon was delivered by the Rev. G. W. Lose. Interment was made in the Massillon cemetery.

The thirty-eighth annual session of the Stark county teachers' institute will be held in the high school building at Canton, August 25 to 29, inclusive. Ruric N. Roark, Ph. D., dean of the department of pedagogy at the Kentucky state college, Lexington, Ky., John W. Perrin, professor of history at Western Reserve university, Cleveland, and J. D. Luse, supervisor of music, at Sandusky, have been selected by the committee to address the different sessions. Morning sessions will begin at 8:30, afternoon sessions at 1 o'clock and evening sessions at 7:30. The Hon. L. D. Bonebrake, state school commissioner will be present and address one of the sessions.

VICKERY--FROMM.

Pretty Wedding at "Oakland" Tuesday Evening.

BRIDE AND GROOM SERENADED.

Sixty Employees of the Canton-Massillon Electric Railway on Which the Groom is a Conductor Marched to the Oakland in a Body—Handsomeness Wedding Presents Displayed.

The marriage of Miss Bessie Vickery to Mr. George F. Fromm took place Tuesday evening at the home of the bride's parents, Mr. and Mrs. George B. Vickery, in the Oakland. Promptly at 6 o'clock the Rev. E. R. Herbruck, pastor of the Reformed church of Canton, performed the ceremony. Only the immediate relatives of the bride and groom were present. The wedding march was played by Miss Lillian Snyder. The bride was dressed in pink and green silk, trimmed in panne velvet and applique. Miss Eva Vickery was bridesmaid. Her gown was of tan silk with white velvet and applique trimmings. She wore roses. Walter List was best man and Ralph Vickery, brother of the bride was the usher.

After the ceremony a wedding supper was served, twenty covers being laid. The wedding gifts included silverware, table linen, rugs and handsome china. Probably the most unique present was that from the employees of the Canton-Massillon Railway Company, on which Mr. Fromm is employed, consisting of one hundred silver dollars. At 2 o'clock about sixty of the employees of the Canton-Massillon railway and office force, reached the city on a special car. They got off at the square and marched in a body to the Oakland, where they serenaded the bride and groom, after which, in company with the groom, they repaired to the European cafe for refreshments.

Mr. and Mrs. Fromm will go to housekeeping in the Oakland. They will leave Saturday for Niagara Falls and other Eastern points on a wedding trip.

A sound mind in a sound body is the greatest blessing humanity can be endowed with. It insures success in life. Take Rocky Mountain Tea, the advance agent of success. Z. T. Baltzly.

BELIEVES IN CITY OWNERSHIP.

Views of Mayor Bell on Important Subject.

THE LIGHT AND WATER PLANTS.

The Mayor Thinks That Municipal Ownership Should be More Generally Discussed in the Council Chamber and Elsewhere, so That People Will be Prepared to Act Intelligently When the Time Comes.

Mayor Bell is an advocate of municipal ownership. He believes that Massillon should own its water works and light plant. He has lately given this subject much investigation, and from the experience of others he judged that Massillon should be able to save thousands of dollars yearly by owning and operating these two plants. A good while ago the council notified the Massillon Water Supply Company that it desired to open negotiations for the purchase of its plant, and the company answered that its plant was not for sale. In a few years, however, the company's franchise will expire, and then there will be hope of compelling the company to sell.

Mayor Bell believes that this subject should be brought up occasionally at the council meetings, and even though action cannot be taken at this time, but for the purpose of providing councilmen and citizens generally with opportunities of becoming well informed on the subject.

The contract with the Light, Heat and Power Company will not expire for a number of years, either, yet the mayor believes that the pros and cons of the municipal ownership of this plant could be discussed with profit frequently.

"I have just been reviewing the experience of Grand Rapids, Mich., remarked the mayor today, "and the statistics show that through municipal ownership one hundred lights have been added to the number on the streets and at the same time there has been a saving of \$10,000 yearly compared with the price of lighting under the contract system.

"In my investigation I find also," remarked the mayor, "that the police forces of most cities are formed on a basis of one man to each 1,000 population. In this respect Massillon tells a different story. Our firemen do not average one to each 2,500 of population, and the police are about one to each 2,000."

OFFICERS ELECTED.

Fourteenth Annual Convention of Sons of St. George.

Canton, Aug. 20.—At the morning session of the fourteenth annual convention of the Sons of St. George, on Tuesday, the following officers for the ensuing year were elected and installed: Grand president, S. W. Smith, of Canton; grand vice president, G. L. Perkins, of Anderson, Ind.; secretary, Fred Stork, of Cleveland; grand messenger, Robert Kirkley, of New Straitsville; grand treasurer, E. E. Ashby, of Cleveland; chairman of committee of finance, J. T. Leach, of Fort Wayne, Ind.; chairman of committee on law, J. Shaw, of Youngstown; chairman of committee on appeals, J. Austin, of Massillon; grand trustee, T. Kendall, of Canton.

GOVERNOR NASH TIRED OUT.

Physicians Have Ordered Him to Remain at Home.

Columbus, Aug. 20.—Governor Nash, now that the code has been finished, is showing signs of the strain he has been under and is in danger of a complete collapse. He was not at his office yesterday, but was compelled to remain at home under care of his physicians. While his condition is not regarded as serious, yet his friends fear that he may be a very sick man. Monday night his physician was called and found it necessary to administer digitalis. At the executive office it is said that the physicians had ordered the governor to remain at home for several days and take complete rest.

Louisville, O., May 15, 1900.

Mr. A. A. Slusser, Dear Sir—I take pleasure in recommending your Gall Powder. I consider it the best remedy for sores on horses. I had two horses, one with a sore shoulder from collar, the other one a blister on top of neck. Used your Gall Powder on each and healed the sores very quickly. Therefore I wish to say that all who have horses having harness galls to use Slusser's Gall Care. Consider it the cheapest and best article I can get. I always keep it on hand.

JOHN HUET.

READY FOR WAR GAME.

Secretary Moody and Party Return to Washington.

Washington, Aug. 20.—Naval officers who were with Secretary Moody on his trip on the Dolphin, accompanied by a number of members of congress who were anxious to inspect several of the ships of the North Atlantic squadron, say that everything is in readiness for the great war game which is to begin soon. On board the Dolphin as guests of the secretary of the navy were Senator Hale, Postmaster General Payne and Representatives Fass, Dayton, Meyer and Roberts.

The Dolphin sailed a week ago Saturday and joined the fleet at Newport. The party first inspected the old training ship Hartford and on Sunday began the inspection of the fleet at New London. This inspection was continued on Monday and target practice by the Massachusetts was witnessed for the purpose of demonstrating to the members of congress the necessity for refitting the Massachusetts with balanced turrets. It was shown that when the Massachusetts' guns are fired she heels over to one side four degrees. It is proposed to remedy this by installing balanced turrets and electric machinery instead of hydraulic machinery. The same defect exists in the Oregon and Indiana, and it is estimated that the work of refitting the three vessels will cost in the neighborhood of \$1,000,000. The party also visited the naval war college and saw the operation of the torpedo flotilla.

KILLED BY DECISIVE VOTE.

Pythian Plans for a Sanitarium Defeated.

San Francisco, Aug. 20.—The proposition submitted to the supreme lodge of the Knights of Pythias to erect a sanitarium at Hot Springs, Ark., for sick and disabled knights was defeated by the vote of 96 to 30, and the report of the special investigating committee, adopted at the last session, was comparatively disregarded. It was the voice of the supreme lodge that it has no rights under its constitution to tax the members of the order for such purpose.

The sanitarium project has been before the supreme lodge for twelve years, but at each previous session it was referred to committees until two years ago, when a special committee was apparently to make a final report on the matter. It came up and after a prolonged argument was defeated.

The government offered to give a 99-year lease of five acres of land to the Pythians for the purpose of building the sanitarium. It was proposed to erect buildings at a cost of \$250,000 and the expense to be borne by a per capita tax of ten cents on each member of the order, to be levied semi-annually for a period of five years.

HAWAIIAN PRIMARIES.

Republican Gain—Anti-Dole Faction Beaten.

Honolulu, Aug. 5, via San Francisco, Aug. 20.—The Republican primaries were held on Saturday all over the territory. The results are known only for the island of Oahu. Here there were two striking features. One was the large increase in the Republican vote polled. At the election in 1900, 1,356 votes were polled for Parker for delegate. This year 2,580 voted for delegates to the Republican convention. This is looked on by the Republican leaders as an indication that the party is stronger than ever before and the prospects for victory brighter.

The other striking feature was the weakness revealed by the faction opposed to Governor Dole. In every precinct except one the anti-Dole faction was beaten. It is probable that the Republicans will nominate A. G. M. Robertson for Delegate to Congress. He is a leading lawyer and helped to frame the constitution for the republic of Hawaii.

DICK NOT A CANDIDATE.

Is Waiting for a Seat in U. S. Senate.

Columbus, Aug. 20.—Representative Seese, of Summit county, declared that General Dick will not be a candidate for governor next year, but that negotiations are now under way which will lead to Harry M. Daugherty being the administration candidate. Mr. Seese says that it is the ambition of General Dick to continue to represent the nineteenth district in congress until the time comes when he can be promoted to the upper house. General Dick will arrive in Columbus today to take charge of the state headquarters and the campaign of organization will be actively on.

ALGER A CANDIDATE.

Detroit, Aug. 20. General Alger today announced himself as a candidate for the United States Senate.

Dress does not make the person. Nor does a clean exterior indicate a clean interior. To be well all organs must work in harmony. Rocky Mountain Tea does this. Rocky M. T. Baltzly.

INITIATED A SALOONKEEPER.

Cincinnati K. of P. Lodge Violates an Important Law.

Cincinnati, Aug. 20.—Serious trouble is apprehended in the local ranks of the Knights of Pythias, which may assume a national importance. Lasker lodge of this city has given three degrees to Scott Farmerton, the proprietor of a saloon on Central avenue, while the constitution of the order strictly prohibits membership to saloonkeepers and liquor dealers. The facts are not disputed and it is now said to be the intention of the constitutional party within the order to see that the provisions of the instrument upon which the order rests are observed. It is probable that the protest will be lodged with County Deputy Edward A. Tucker.

"This matter has not come before me in any official way at all," said M. Tucker today, "and I can say nothing about it, except that the fact of Farmerton's membership in Lasker lodge is not disputed and that it is admitted to be a fact that he is a liquor dealer. The K. of P. law on the subject is plain and the order is one of the strictest in the country on this subject. When the matter reaches me officially I will act promptly. Meanwhile I have no more to say about it."

TRIP TO NEW ENGLAND.

President and Party Will Start on Friday.

Oyster Bay, Aug. 20.—President Roosevelt will start on his New England trip Friday and will spend Friday night at Hartford. Dr. Lung, his physician, Secretary Cortelyou, two stenographers and two messengers will form his party.

AS TO FRIDAY.

Lee surrendered on Friday.
Moscow was burned on Friday.
Washington was born on Friday.
America was discovered on Friday.
Richmond was evacuated on Friday.
The Bastille was destroyed on Friday.
The Mayflower was landed on Friday.
Queen Victoria was married on Friday.
Port Sumter was bombarded on Friday.
King Charles I. was beheaded on Friday.
Napoleon Bonaparte was born on Friday.
Julius Caesar was assassinated on Friday.
The battle of Marengo was fought on Friday.
The battle of Bunker Hill was fought on Friday.
The battle of Waterloo was fought on Friday.
Joan of Arc was burned at the stake on Friday.
The battle of New Orleans was fought on Friday.
The Declaration was signed on Friday.—Exchange.

HERE'S A GOOD THING

Something You Can Readily Believe, as It's Massillon Evidence.

Mrs. E. F. Dicht, of 73 Akron street, Massillon, O., says: "I was nervous, run down and generally miserable—lacked energy and life. I was told Dr. A. W. Chase's Nerve Pills would cure this condition, and got some at E. S. Craig's drug store, No. 9 South Erie street. They certainly did, as I feel steady in nerves and generally strong and energetic. They are a good tonic and no mistake."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

Advertised Letters.

MINDANAO ISLAND RACES

Strange Customs of Wild Tribes in the Philippines.

ETHNOLOGISTS STUDY NATIVES.

Bagobos Offer Human Sacrifices to "Mandarangan," Whom They Believe to Be a Demon Monster—Carious Customs of the Feroocious Bagobos—Moros Are Warlike.

Sixteen different tribes of very remarkable savages, without counting the pygmy negritos, dwell in the interior of Mindanao, numbering probably not less than 300,000 in all, and government ethnologists have already started in to make a study of them, says a Washington dispatch to the St. Louis Republic. Inasmuch as nothing worth mentioning has been known about them hitherto, there is plenty to learn; but a good many facts have been collected, and the "race map" of the great island has been drawn, to accompany a report on the subject which will be submitted to congress next December.

One of the most notable of the tribes is that of the Bagobos, who dwell, according to their own belief, at the gates of hell. They offer human sacrifices to the devil, who, they think, lives with his wives at the top of an active volcano in their neighborhood. The monster's name is Mandaragan, and it is necessary to appease him with regular supplies of blood, which is his only drink. Inasmuch as each Bagobo has two souls, one of which goes to heaven and the other to the infernal regions, he feels particularly anxious to placate the archfiend.

The origin of these tribes is uncertain. Presumably they came originally from the mainland of Asia, though some authorities are of the opinion that they voyaged all the way from Madagascar, and they certainly arrived later than the negritos. They settled in Mindanao, however, long before the Moros, who in recent times have preyed upon them, carrying off their women and enslaving the men. They are tall, well developed, intelligent and rather light of skin, with aquiline noses. Some of them are fierce and warlike.

The Bagobos are very strong and fierce, and one of their peculiarities is that the girls are as powerful muscled as the boys of this tribe, and it is hard to tell the sexes apart. They keep slaves chiefly for the purpose of sacrificing them to the devil. Equally ferocious are the Mandayas, who offer human sacrifices with extraordinary cruelty, cannibalism being sometimes incidental. They believe in two good divinities, a father and son, and two evil ones, a husband and wife. Earthquakes they suppose to be caused by the restless movements of an immense crocodile in the center of the earth. They bury their dead in holes in the faces of cliffs.

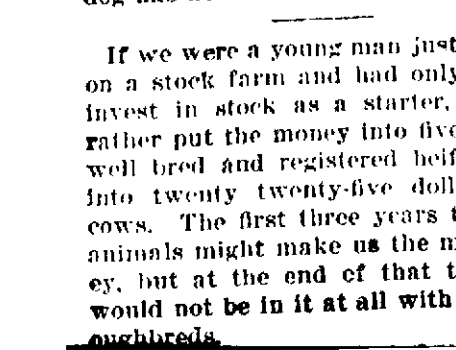

The Mandobos are ferocious and treacherous. They build their houses in treacherous near the rivers, so as to be safe from their enemies. It is the same way with the Bagobos, though sometimes the latter place their dwellings on inaccessible crags. Among the Bagobos the costume varies with the number of murders a man has committed. When a man has committed from five to ten murders, he indicates the fact by wearing a flesh colored handkerchief on his head. A scarlet handkerchief and shirt decorate the person of the warrior who has murdered from ten to twenty persons, while for more than twenty murders scarlet pantaloons may be added.

When a Bagani has murdered somebody, he cuts off a lock of the victim's hair and attaches it to the edge of his shield, being thus enabled to keep count of the persons he has killed. He wears armor of split rattan, and one of his methods of discouraging a foe is to drive a sharp piece of bamboo into the ground where the enemy is likely to step on it and maim himself. Spring bows also are set in the jungle, so as to shoot anybody who may happen to come along.

Among the savage tribes both women and men chew tobacco and pierce their ears, distending the lobes of the latter enormously by means of plugs of bone. It is customary to tattoo the children, chiefly for the sake of identification in case they happen to be stolen, kidnapping being very common. A man pays for his wife in advance by working for her parents from four to six years, and one of the methods of solemnizing marriage consists in the giving of a handful of boiled rice by the husband to the wife, and vice versa, in token that they are mutually to sustain each other.

Concerning the Moros, whose ancestors probably came from Borneo and Celebes, there is a good deal of contradictory testimony. It is admitted that the Moro is a man built for the fatigues of war. He excels in the use of lance, buckler and sword (having small knowledge of firearms), and these weapons are his inseparable companions. He sleeps with them, and he fights equally well on foot, on horseback or in his fleet of war canoes. It has been charged that he is absolutely indifferent to bloodshed and suffering and that he will take the life of a slave or stranger merely to try the keenness of a new weapon. Looking upon work as a disgrace, his scheme of life consists in making slaves of less warlike men.

Novelty in Sandwiches.
"In England sandwiches with caraway seeds sprinkled between the thin slices of buttered bread are served with afternoon tea," writes an American woman from London. "It is a troublesome fad, as no caraway seeds are to be had nearer than Scotland."

One of the principal agricultural papers of the west on the 1st of Jan. published a leading editorial on the imp of the dust mitch. The article have been left over from last y this season it was impossible to dust in any of the territory w paper circulated. An article blankets would have been mor priate.

FOOLISH MOTHER
That is a very foolish mother taking the ground that it is more able to show her daughter how any kind of housework than it is herself, lets the girl off. It a year ago a young lady whom we was married. Her mother was of this sort. The girl knew very about housekeeping, could make a loaf of good bread nor a palatable meal. Of course a time of it, and her husband did and, for that matter, they are it yet.

HASKINS URGES GREATER UNITY.

Also Advises Concerted Political Action.

SPEECH OF MINERS' PRESIDENT.

W. H. Haskins Delivers a Stirring Address at an East Greenville Picnic—In the Picnic Sports, Carpenter and Boyd, Ancient Enemies of the Cinder-Path, Meet Again and This Time Carpenter is the Winner.

East Greenville, Aug. 18.—The annual anniversary picnic of the Greenville court of Foresters, held in A. L. Young's grove, Saturday, was the usual successful affair. An immense crowd attended, many being present from Massillon and other roundabout towns.

State Labor Commissioner M. D. Ratchford and ex-State Labor Commissioner J. P. Jones, on the programme for addresses, were unable to be present. W. H. Haskins, of Murray, state president of the United Mine Workers, and State Representative R. A. Pollock, of North Lawrence, delivered addresses. The speakers were introduced by Robert Legg, sub-district president of the United Mine Workers, who was the president of the day.

Mr. Pollock, who was the first speaker, touched briefly on the good that is being accomplished by fraternal orders and spent a few minutes discussing the labor question. He declared himself in favor of compulsory arbitration, saying that the miners' strike in the anthracite field would have ended long since and to the miners' advantage if the operators could have been compelled to arbitrate.

Mr. Haskins also touched upon fraternalism briefly, but most of his remarks were on the labor question, particularly as it affects the miners, as his audience was made up largely of men employed at or in the mines. Mr. Haskins announced himself as ardently in favor of concerted political action.

"The miners of Pennsylvania," said Mr. Haskins, "are going to win their strike, and next fall they are going to strike again—at the ballot box, and get into power men who know the wants of the toiler and who have sympathy for him. It is too often the case with us workingmen that we are union men on every day but election day or nomination day. Then we go to the polls and 'scab' by voting for people who are not in sympathy with our cause or are indifferent at least. See to it that workingmen become candidates, and after they have become candidates see that they are supported. Lay aside prejudice and envy. Throw off your coat and work for the nomination and the election of men that will serve you. Don't allow yourself to become jealous, and don't allow your prejudices to throttle your convictions. And when you get into office a man who knows what it is to work, don't defeat him after a term or two, but support him as long as he serves the people and is honest. The only way that we can get our rights is at the ballot-box and by voting for them."

Mr. Haskins advocated self-education. He advised the men to fit up reading rooms, in which they can hold frequent meetings, not only for the discussion of affairs connected with their craft, but where they can by the exchange of ideas reap much benefit. A greater unity of workingmen he declared is becoming more and more necessary. He said the time is near at hand when the toilers of the country ought to be able to say to the few men who control the industries of the nation that they can own them if they want to, but they've got to pay their workingmen what they demand, and if they don't there will be no work.

"The day of strikes is by no means over," said Mr. Haskins, "as long as there are operators there will be strikes. My advice is, vote as you strike, and be sure to vote and strike whenever it is necessary. We have grown to be the most powerful organization this country has ever seen, we miners have, and all we have got to do is to go after it. Things don't come to him who waits any more, or if they do a good many more will come to him who goes after them. We in Ohio are more than holding our own. We have beat the DeArmitts in their fight to disrupt our union, though it took us eighteen months to do it. That is the fate that awaits the operators of Pennsylvania. Our state organization has a wonderful growth. From a membership of 10,000, four years ago, we have grown to 26,000, and our

treasury is filled with some thousands where there used to be hundreds."

Mr. Haskins paid some fine compliments to the Massillon district, congratulating it upon having given to the world of organized labor such men as M. D. Ratchford, John McBride, William Morgan and R. A. Pollock.

THE SPORTS.

H. H. Carpenter, of Navarre, met his ancient enemy, Jim Boyd, of Greenville, in the 125-yard foot race. Boyd started on the scratch. Carpenter was given one yard handicap. The others were given fifteen yards. Carpenter wanted to run from the scratch but the handicapper said the one yard was his, because, he claimed, Boyd had beaten him in that memorable race for \$100 a side at Massillon last fall. Carpenter finished first, Boyd second and Young third. Carpenter beat Boyd by two or three yards. The prizes were \$5, \$3, \$2.

100-yard foot race, prizes \$3, \$2, \$1—J. Girt, first; J. McGuire, second; William Jones, third.

Handicap bicycle road race—T. Morning, 3 1/2 minute handicap, first; J. Orlington, 3 minutes, second; James Boyd, scratch, third. Prizes in merchandise.

Girls' foot race—Miss Fothergill, of Massillon, first; Miss Kinsey, second. Prizes, \$1.50 and 50 cents.

Pony race—Tom Collier's pony, ridden by Roy Moke, first; John Miller's pony, ridden by Roy Adams, second. First prize, \$5.

Groff, of Sippo, won the shooting match, by breaking 8 out of 10 targets.

J. Legg and J. Robinson, of Lawrence, split the money in the quail match.

THE COMMITTEE.

The success of the picnic was largely due to the efforts of the committee, which was composed of William Battersby, Peter Timmell, Robert Legg, J. M. Orlington, Thomas Beynon, John Featheringham, William Aston, John Richards, Charles Doxey.

PECULIAR DEATH OF SIMON KLOTZ.

End Follows an Attack of Hiccoughs.

HE SUFFERED FOR FOUR DAYS.

Mr. Klotz Became so Exhausted That He Could Neither Eat nor Sleep—Sunday Morning the Hiccoughing Ceased, But He Died From Exhaustion—The Death of Mrs. Jane Scott.

Simon Klotz, 51 years of age, died Sunday morning at 7:30 o'clock at 111 Canal street where he was boarding. The circumstances surrounding his death are peculiar. Last Wednesday he began medical treatment for stomach trouble and immediately upon being relieved he was taken with an attack of hiccoughs. All day Wednesday, Thursday, Friday and Saturday the attack continued until he became so exhausted he could not sleep or eat. Sunday morning the hiccoughing stopped, but at 7:30 he died from exhaustion.

Mr. Klotz was a member of the Painters' and Paperhangers' Union, and for the past two months has been working in Canton at his trade. He was born in Pennsylvania, was married and leaves a wife, two daughters and one son in Cleveland, all of whom are expected in the city today to attend the funeral, which will be conducted from the residence at 111 Canal street Tuesday afternoon at 2 o'clock, the Rev. L. H. Stewart officiating. The local union of painters' and paperhangers' will have charge of the funeral and the pallbearers will be chosen from their ranks.

MRS. JANE SCOTT. The death of Mrs. Jane Scott, aged 60 years, occurred at the home of her son, Fred Scott, 130 North Hill street, on Sunday morning. Death was due to an affection of the heart. Mrs. Scott is survived by her son, of this city, William Scott and Mrs. Anna Redman, of Cleveland. For about twenty-six years she was employed in the family of H. H. Everhard, her period of faithful service terminating after the death of the late Mrs. Everhard last April. The funeral will take place from the Hill street residence on Wednesday afternoon at 2 o'clock. The Rev. J. E. Transue, pastor of the African M. E. church, will officiate.

MAYOR'S PLAN FOR RELIEF.

How Garbage Might be Collected and Destroyed.

BUT LITTLE COST TO THE CITY.

A Man and a Cart, He Thinks, Should be Engaged to Make Regular Rounds to Residences and Business Places—The Kitchen Stove is Not the Disposal Plant It Used to be.

Mayor Bell, president ex-officio of the board of health, is much interested in Massillon's being provided with some kind of a garbage disposal arrangement. The board of health, some time ago, asked the council to purchase a piece of ground where the disposal work can be carried on, and now the mayor has a plan for the collection of garbage.

"If the condition of the funds does not warrant the erection of a disposal plant," said the mayor today, "then a piece of land of good size should be leased or purchased. It need not be expensive land, for our purpose will not require even the ordinary qualities necessary for agriculture. On this piece of land the garbage could be dumped, and at regular times consumed by a fire that could be started and fed by the use of oil. Since most of our citizens have taken to the use of gas as fuel the old kitchen stove has ceased to be the private disposal plant that it was in the days of coal burning, and we must provide the people with some means of disposing of waste. The council or board of health could authorize some man who owns a cart to collect garbage. A charge of ten cents per week for each residence and more for hotels and business places would net the collector a considerable sum regularly. In fact, it would be a very good job, and one that would be much sought after by reliable men, I think. There would be but little cost to the city.

"In some cities garbage is collected and destroyed by private companies or individuals, operating under franchises from the city, and in many instances these concerns are yearly reaping immense profits. If the city will not take hold of this matter here, it is not unlikely that before long private individuals will ask for the right to carry on the work. This is a question that involves the health of the city, and the council in my opinion, cannot be too expeditious."

MINING CONGRESS.

Massillon Asked to Send Delegates.

Mayor Bell today received a letter asking him to designate five persons whom he would consider proper persons to represent this city at the International Mining Congress, whose fifth annual meeting will be held at Butte, Mont., beginning September 1. Mayor Bell thereupon named W. J. Mullins, of the Massillon Coal Mining Company; J. C. Haring, of the Pocock Coal Company; William Morgan, of the United Mine Workers; D. C. Borton, mining engineer, and J. D. Wetter. The mayor, in sending the names, advised the committee that he had not had the opportunity to consult any of the persons, but that he regards them as being more likely to be interested in the work of the congress than any other citizens. The object of the meeting is to exchange practical ideas covering the various phases of the mining industry and especially to take under advisement the importance of the United States congress creating a mines and mining department and a cabinet officer.

MEET THIS WEEK.

Conference Set for Saturday is Postponed.

The conference between W. J. Mullins, manager of the Massillon Coal Mining Company and the district officials of the United Mine Workers, set for Saturday, did not take place, it being impossible for Robert Legg, the miners' sub-district president, to be present. The conference will now be held some time this week. Its purpose will be the placing of a right construction on a certain section of the scale.

Reduced Rates to the West.

Commencing September 1st, and daily thereafter, until October 31st, 1902, the Wisconsin Central Ry. will sell Settlers' tickets from Chicago to points in Montana, Idaho, Oregon, Washington and British Columbia, at greatly reduced rates. For detailed information inquire of nearest Ticket Agent, or address T. D. Campbell, D. P. A., 218 Pike Building, Cincinnati, O., or Jas. C. Pond, General Passenger Agent, Milwaukee, Wis.

BURNED BY HOT IRON.

Charles Clapper Seriously Hurt at Rolling Mill.

An accident to Charles Clapper, one of the employees of the Republic Iron and Steel Company, Monday morning at 11 o'clock shut the mills down for the rest of the day. Mr. Clapper is one of the catchers who get the red hot iron from one roll and carry it to another. Today he caught the end of the rod with his tongs and threw it in the second roll too quickly, forming a loop in which he was caught, the red hot iron securing him by the left leg until it had passed through the roll. When he was released it was found that the flesh from his left leg just above the ankle had been burned through to the bone.

He was picked up and a carriage conveyed him to his home in West Cherry street where medical assistance was summoned. The doctors say that he will not be permanently crippled. He will be confined to his bed for three or four weeks and it is thought will not be able to use the injured leg for two months.

Direct from our distillery to YOU
Saves Dealers' Profits,
Prevents Adulteration.

HAYNER WHISKEY

PURE 7-year-old RYE

4 FULL \$3.20 QUARTS

WE PAY EXPRESS CHARGES

We will send you by prepaid express, 4 FULL QUARTS of HAYNER'S 7-YEAR-OLD RYE for \$3.20. Try it and if you don't find it all right and as good as you can buy elsewhere for double the money send it back at our expense and your \$3.20 will be promptly refunded. DR. KUTCHIN, Ex-U. S. Surgeon, Columbus, Ohio.
Is a graduate of two of the leading medical colleges in America. Licensed by the State of Ohio.

WHEN OTHERS FAIL, CONSULT
DOCTOR KUTCHIN
20 Years Experience

Recognized by the entire medical fraternity as the
LEADING AND MOST SUCCESSFUL SPECIALIST
IN THE WORLD.

He cures sick men and women, and has an established reputation for honesty and reliability. He keeps his promises.

The Bible says: "In the mouths of two or three witnesses shall every word be established." Here are several witnesses.

Dr. Kutchin has hundreds of such testimonials, but never publishes a name unless asked to do so. Read what these cured and happy people have to say.

WHY DON'T YOU SEE THE DOCTOR BEFORE IT IS TOO LATE?

SNATCHED FROM THE JAWS OF DEATH.
I was desperately ill for several years with Bright's Disease of the Kidneys. I had as good as died until I could get in this part of the country, but they did not help me. I was almost blind, and the doctors gave me up to die. My father took me to Dr. Kutchin, and while he would not promise to cure me, he gave me a chance. I have doctored with him for 4 months. Now I can go any place and am improving so rapidly that I feel about as well as ever. I cheerfully recommend Dr. Kutchin. Will answer letters if stamp is enclosed. MRS. CHARLES YANNAYON, Rittman, Ohio.

THIS FRENCHMAN'S EXPERIENCE IS GOOD READING.

Versailles, O., April, 1901.
For seven years I never drew a well breath. I took Perna and all the other patent medicines until I had enough bottles in my house to start a drug store. I tried seven or eight local doctors. Nothing ever helped me. Finally I went to see Dr. Kutchin, and he pronounced my disease Bronchial Catarrh. In three months I gained eighteen pounds. I am getting well as fast as a man can.

Dr. Kutchin is very reasonable in his charges and I would have saved hundreds of dollars if I had gone to him sooner. I advise all the sick to doctor with him, for they will never forget it.
CURED SEVEN YEARS AGO.
I was in deep trouble 7 years ago. In fact, I was about dead. I had a bad case of catarrh of the stomach and disease of the kidneys. I could not do my work with any pleasure. I was bloated, nervous, sleepless, with pain in my back and a tired, aching feeling. I used to get up in the morning more tired than when I went to bed. Nothing helped me. I had often heard of Dr. Kutchin and I determined to go and see him. He cured my case and cured me. I owe my life to him. This was six years ago. I sleep well and look my case and cured me. I owe my life to him. If he can't do you good he will tell you so. He is reliable in every way, and you can depend on him. I will pay for letters enclosing stamp. H. B. A. L. I. R., Cincinnati, Ohio.

ONE PATENT WRITES.

I was brought up on a farm, but at 20 was a nervous wreck. I was nervous, depressed, had a bad case of catarrh of the stomach and disease of the kidneys. I was bloated, nervous, sleepless, with pain in my back and a tired, aching feeling. I used to get up in the morning more tired than when I went to bed. Nothing helped me. I had often heard of Dr. Kutchin and I determined to go and see him. He cured my case and cured me. I owe my life to him. This was six years ago. I sleep well and look my case and cured me. I owe my life to him. If he can't do you good he will tell you so. He is reliable in every way, and you can depend on him. I will pay for letters enclosing stamp. H. B. A. L. I. R., Cincinnati, Ohio.

The doctor has been visiting this county for eight years.

STORIES OF A GREAT GAME.

The McDonaldsville "Old Men" Knock Out Boys.

AND THE FEATURES WERE MANY.

One Account Says That Eighty-nine Runs Were Made During the Game Which Lasted Six Hours and Thirty-two Seconds—Four Base Balls and Two Rackets Were Hammered Flat in the Excitement—Other News From Nearby Towns.

McDonaldsville, Aug. 19.—The first reunion of the Benjamin Strausser family was held at the residence of Daniel Strausser last Saturday.

Aaron Stoner is on the sick list. The work on the schoolhouse at this place is nearly completed. J. F. Keck is the contractor.

Farmers are beginning to have their threshing done. The yield is greater than usual. William Swartz does most of the thrashing in this vicinity.

Some time ago the young men of this place organized a base ball nine and played with other teams with indifferent success until they believed that they were "all stars." Their talk exasperated the "old men" (some of whom are gray headed) of this place, and the result was a challenge offered by the "Stiffys," as the boys called the old men, to play a game of ball. This was accepted by the boys and the game took place last Saturday afternoon in a field south of town. The first two innings resulted in 1 to 0 in favor of the "old men," but the latter could not keep up the wind. Nevertheless the final score was 66 to 25 in favor of the latter. They were "stiffys" in reality on Sunday, the result of too much running.

NEWMAN.
Newman, Aug. 18.—Miss Margaret E. Findley was the guest of Miss Jennie Kitt, of Massillon, part of last week.

Mrs. Jennie Reese and family spent a part of last week with the Stanford family at East Greenville.

Miss Beatrice Powell, accompanied the North Lawrence I. O. O. F. excursion to Silver lake last Wednesday and report a good time.

Mr. and Mrs. John Dodd and daughter Theresa attended the reunion of the One Hundred and Fourth O. V. I., at Massillon, last week. Mr. Dodd saw considerable service in Company A of that regiment.

The Lawrence Township Sunday School Association will hold its next convention at this place on Sunday afternoon and evening, September 21. Everybody is welcome.

H. T. Shull, of Topeka, Kan., Matthew English and daughter, of Massillon, and Mrs. Ida Fisher and daughter, of Navarre, spent last Friday with the John Dodd family. This is Mr. Shull's first visit to this place for twenty years and he notes many changes.

The White Oak coal mine expects to have their air shaft in operation by September 15.

The township road master's services are "knocked out" after the work is about all completed for this year. Next spring the election of road supervisors will again be in order and the usual two days' labor from the citizens will be expected.

CRYSTAL SPRING.

Crystal Spring, Aug. 19.—The base ball fever recently struck the village of McDonaldsville and enough young men were found to organize a club. This caused rivalry and even the oldest inhabitant thought that the town still had some base ball timber left, so another team was formed calling itself the Unknown Ferdompts, and battled with the first nine on Saturday afternoon for the championship of McDonaldsville. Only eighty-nine runs were made during the game which lasted six hours and thirty-two seconds. Of this number the first nine had 34 and the unknown 65. It can be truthfully said that out of forty-five fly balls in the outfield only one was caught. Four base balls and two rackets were hammered flat during the excitement and a box of chalk was consumed in making up the scores. Features were many.

The Crystal Springs won their fourth straight game Sunday by defeating the North End Grays, of Massillon, on the home grounds by a score of 16 to 4. The visitors got one score in the first inning and three in the sixth after the side should have been retired on an easy chance for a double. Henry Berar did nice work in the box for the Grays but was given the worst kind of support and on account of his permanent injuries was relieved by Ickendorf in the eighth,

the locals marking ten scores in their half. Leonard was on the slab for the home team and the boys behind him were right in the game. Batteries: Leonard and Fashbaugh; Berar, Ickendorf and Hook. Umpire, Farley WILMOT.

Wilmot, Aug. 19.—Threshers are busy here.

Wingire & Fretz have purchased a new threshing machine.

Peter Akey is on the sick list. Members of the Nineteenth O. V. I. will hold their annual reunion here September 6.

The Rev. Mr. Moyer's sister, from Canada, is visiting him at present. Mrs. Mina Harper and children, of Zanesville, are the guests of Mrs. Harper's mother, Mrs. C. Sheline.

Mr. and Mrs. Jacob McFarren, of Reedurban, visited Mr. and Mrs. W. C. Crow the past week.

The Conkle family will hold a reunion the latter part of the month near Berlin.

The Rev. G. F. Sterling went to Homeworth to hold quarterly meeting services over Sunday.

Some of our people, with the band, attended the picnic Saturday in the Welty grove, while others went to the reunion at Trail school house.

The Sunday schools of the Evangelical and Ridge churches held a picnic at Sugarcreek Falls Thursday.

Quarterly meeting services were held at the Center church Sunday, the Rev. J. D. Wyandt presiding.

The funeral of Mrs. J. J. Lentz took place from the residence Sunday morning.

CAMP CREEK.

Campcreek, Aug. 19.—The Rev. H. J. Christman and family, of Dayton, visited at J. A. Poorman's residence part of last week.

The festival held at Cross Roads last Saturday evening was largely attended. Ten gallons of ice cream were left which were disposed of on Monday evening following.

Born, to Mr. and Mrs. Jeremiah Netzi, a daughter.

Services were in session at Cross Roads last Sunday, the Rev. H. J. Christman officiating.

NORTH LAWRENCE.

North Lawrence, Aug. 20.—The eulogy which John P. Jones delivered at the funeral of the late Dennis Moylan, Sunday, was the fulfillment of a compact, made many years ago, between Mr. Jones and the deceased. It was their agreement that in the event of Mr. Moylan's prior death, Mr. Jones should deliver the funeral discourse. Mr. Jones pronounced the eulogy at the residence of the deceased, before the removal of the body to Canal Fulton, where the final services were held and interment made. Mr. Jones dwelt upon the high character and many virtues of the deceased, then recited five stanzas of an appropriate poem, and said:

"His sun went down at nontime, but it sank amid the brilliant splendor of an eternal dawn. Whether in that dark and lonely chamber, far removed from kith and kin, in that awful night, as he trod the hazy and mysterious borderland of eternity, whether he was conscious of the scenes and incidents transpiring roundabout him, I do not know. Whether he realized that the angel of death was hovering near, I do not know. Whether he felt upon his pallid brow the kiss of death and doom, I do not know, I cannot tell, but of this I am absolutely sure, that when the fatal moment came, if reason was enthroned, his thoughts were of home and fireside, of family, God and friends.

"And now we consign his body to the tomb. His spirit has gone out on the voiceless, shoreless sea that separates time and eternity, back to the God that gave it, there to rest amid celestial groups of flowers, until the morning of the resurrection, when he will rise immaculate from the tomb, and hear the joyful words spoken by the Blessed Redeemer, of 'Well done thou good and faithful servant, enter into the joys of the Lord.'

"And now, my dear friends, all that remains of you will soon be gone to the dark house and the long sleep, and here in this presence, I recommend your goodness, your virtue, generosity and philanthropy, for the emulation of those you leave behind, and to the friends who grieve and mourn. I recommend them to the mercy of the blessed Saviour, whose saving grace is all sufficient to alleviate our suffering and to mitigate our pains, and now amid the prayers, the blessings and benedictions, we say goodbye, goodbye."

MT. EATON.

Mt. Eaton, Aug. 20.—Our schools will open about the middle of September.

Mr. Shepley, wife and little daughters, were guests of Dr. and Mrs. Penberthy on the 13th inst.

Mrs. Charles Steese and a number of friends were in the village on Sunday. The day being an ideal one, they enjoyed a delightful ride. Mrs. Steese, Mr. F. L. Baldwin, Mr. F. W. Arnold, Mrs. James Lee, and Mrs. Giles, of Massillon, in company with Miss Deardorf, of Canal Dover, were pleasant callers at the "Shady-side" home of the Cheyne sisters. Dr. A. P. L. Pease also called and entertained all

with a selection on the Chickering piano.

The Rev. Mr. Beck and family are away on a vacation. His parishioners are enjoying themselves by gathering in their harvest, making ready for a harvest home rejoicing upon his return.

CRYSTAL SPRING.

Crystal Spring, Aug. 21.—Born, to Mr. and Mrs. Otto Kullogovsky, a daughter.

Mr. and Mrs. Frank Kessel, of Cleveland, are visiting in town.

William Miller, of Spokane, Wash., spent last week here renewing old acquaintances. Since going West some twenty years ago he has served in the Washington state legislature and is a strong factor in labor unions and a full fledged Socialist. Mr. Miller recalled the days of his youth and was glad to meet his many old friends.

The Misses Bertha Lucius and Ella Morgan, of Massillon, accompanied by their guest, Miss Bertha Hoffman, of Cleveland, visited relatives and friends last week at the Springs.

Mrs. Oliver P. Steffy and children, of Olney, Ill., arrived here Thursday to spend six weeks with relatives.

Mrs. William Fashbaugh is visiting her daughter in Chicago.

The Misses Louisa and Rose Paridon, of New Portage, enjoyed the past few days with relatives in our village.

On Saturday evening a dance was given in their honor in Leonard's hall. Whitmer's orchestra, of Massillon, furnished the music. The Misses Paridon left Tuesday to visit Massillon relatives.

Mrs. Lewis Haer, who was injured in a railway crossing accident at this place last Thursday, is not much improved up to date, and is still unable to be out of doors.

Phrenological EXAMINATION.

The purpose of a Phrenological Examination is to study the Temperament, or constitution, in relation to health, talent and character, and how the different vital organs are developed and act with each other in the promotion of physical and mental harmony and power. Next the size of the brain and the quality which the temperament gives it; then the development of the different groups of organs; those of intellect, perception, memory, reason; those of force and energy; of policy, prudence, thrift, ingenuity, taste, refinement; those of aspiration, pride, self-reliance, ambition; those of social power and affection; and last, the strength and tendency of the moral sentiments.

We also describe the adaptations of each person for given pursuits, in which their abilities can be used to the best advantage. Showing wherein you are liable to errors and excesses; direct SPECIFICALLY what faculties you require to cultivate and restrain; give all needed advice touching self-improvement, and the preservation and restoration of HEALTH; disclose to parents the children's natural callings, dispositions, defects, and mode of government; guide matrimonial candidates in selecting CONGENIAL life companions, especially adapted to each other; and can be made the best instrumentality for PERSONAL DEVELOPMENT, improvement and happiness.

Engagements for Personal Examinations, and Terms.

Phrenological examinations are strictly private, at our rooms. We make special terms and appointments to meet individuals, families, parties and clubs.

PRICES.
